Rogers Predicts Lindbergh Must Undo Diplomacy

(Special To The News)

HAVANA, Jan. 20.—President Coolidge made a speech here and our diplomats are all here, so that means that Lindbergh will have to follow soon and get the people in a good humor again.

I do know that these other nations are the politest people in the world. We have all been here five days and not a one has mentioned Nicaragua. It's like Dempsey being in a crowd and having no one mention Tunney.

Yours,
WILL ROGERS.

P. S.—Suppose you read about what Michigan did with their child murderer. They sent him to jail for life before the newspapers could make him famous.

PA NEWC OBSERVES

Mrs. Marion Cain of Baldwin stop, New Castle-Ellwood City road reports that while she was looking at the flower beds on the lawn at her home during the recent mild weather, Wednesday, January 18, she discovered that a hyacinth was growing and producing a large bud. "Has anyone else a hyacinth growing in their lawn at this time of year, or am I the first to report one'" Mrs. Cain asks.

New Castle's mild weather went out during the night and temperature had dropped to about 15 degrees above zero this morning. Strong winds blew over the community throughout the night and some minor damage, such as blowing over billboards, tearing off shingles and slate and upsetting small buildings is reported. The rain which preceded the drop in temperature was quite heavy. However with the turn in temperature there was very little snow only a few scattered flakes being evident today.

Movies of the President's trip to Havana have scored a distinct triumph. They record the President indulging in a real Yankee grin at one stage of the trip from Florida.

New Castle senior high school is approaching the first mid-year commencement season. On Sunday night the baccalaureate sermon will be delivered and during the coming week the class night and commencement night programs will be presented at senior high school. While commencement in January is unusual here, yet the pupils in this class should be accorded as much public interest and support as any June graduating class. Hereafter there will be a mid-year graduation at high school every year.

Restauranteers are as a rule, a hard hearted lot, but there are exceptions to every rule. For instance yesterday we heard of a man who gives on the average of three free meals a day to those who are more unfortunate than himself.. These derelicts do not cross his path at all times he says. They generally make their "touch" early in the morning, or late at night. Usually they ask for a little stale bread or something like that but they never go away unsatisfied. Recently the counterman declares, he believes that these same transients have marked his place in some way because never before has he had such a rushing free business.

And speaking of eating, a new lunch club has been formed. It is not an expensive club but so far its membership is limited to two men, the police reporter and the Cub. And the standard order is "One on the oyster stew." If you have a penchant for oysters get your admittance card from one of the charter members.

Recently Pa Newc asked a music dealer how long hot songs stay hot, and how long it takes them to get hot. Well it seems that hot songs stay hot about two months while it takes over six months of consistent plugging to get the song sufficiently instilled into the mind of the average man so that he will take a chance and buy it. Strange enough radio plugging seems to increase the sales of sheet music, for Mama seems to want to see how little Gertie can play it on her piano.

Weather prophets were scared out of their proverbial shoes yesterday afternoon when it began to thunder and lightning. One man sagely wagging his beard repeated the old saw:
"Thunder out of seson,
Means cold without reason."
So, one had better dust off the great coat and goloshes again.

The rain did some good however. Many of the North Hill crossings which were hopelessly bemired now

Smith Excluded By Senate Vote; Sets Precedent

Senate Rules That Frank L. Smith Spent Too Much For Election

ILLINOIS LEFT WITH BUT ONE SENATOR

First Time In History Senate Bars Man Legally Elected And Asking Admission

By WILLIAM K. HUTCHINSON
International News Service Staff Correspondent

WASHINGTON, Jan. 20.—A new "unwritten law" barring from the Senate men elected through the expenditure of treat campaign funds was drying on the statute books today as a result of the Senate's action in excluding Frank L. Smith (R.) of Illinois.

For the first time in its history the Senate denied a seat to a senator-elect holding legal credentials, on the ground that excessive campaign expenditures tainted his election with "fraud and corruption". In excluding Smith the Senate formally endorsed the "rule" laid down in the old Newberry case six years ago that heavy campaign expenditures invalidated an election.

Vote 61 to 23

The vote ousting Smith was so overwhelming it surprised even his opposition. It was 61 to 23, with 21 Republicans, one Farmer-Laborite and 39 Democrats voting against him, while but two Democrats and 21 Republicans voted for him.

Illinois was left with but one senator as a result of the Senate's action. Authorities here were agreed that the next move is up to Governor Len Small of Illinois, who can appoint a temporary successor to Smith pending a special election to fill the vacancy or simply permit the vacancy to exist until another Congress convenes, when Smith might try again to enter the Senate.

The preponderance of opinion here was that Small would appoint a successor, due to the tremendous majority against seating Smith.

The case against Senator-elect William S. Vare (R) of Pennsylvania, was practically settled by the Smith vote, according to leaders on both sides. The Vare case, however, was complicated by the contest filed against him by William B. Wilson, defeated Democrat. The Senate probably will not decide the Wilson contest for months to come, although it

Robbers Visit Carbon Store

General Store Of Mike W. Danich Is Looted Early This Morning

ROBBERS SECURE VOLUME OF LOOT

General merchandise store of Mike W. Danich, located at the Carbon Quarry settlement in Mahoning township, was robbed last night for the second time in six weeks, several hundred dollars worth of clothing, shoes, etc., being taken. The loss last night is estimated at $700, while on December 10, on the occasion of the previous visit of the thieves, goods to the value of $1,000 was taken.

The robbery occurred between 2:30 and 7 o'clock this morning. Constable William J. Edwards was notified of the robbery as soon as discovered this morning and is conducting an investigation.

There is but one clue so far and that is, that there was a Buick sedan car, bearing an Ohio license, standing about two hundred yards from the storeabout 3 a. m. this morning.

Smash Rear Door.

Entrance was effected this time, by using a heavy crowbar, which was used effectively in smashing in the door near the lock and then twisting the big heavy door open. The fact that the noise of such actions was not heard is believed to have been due to the high wind and storm conditions prevailing.

On entering, the thieves ransacked

FLAHERTY PURCHASES JOHNSON INTERESTS IN LOCAL BRONZE PLANT

No Change In Operation Or Personnel In Big Industry Here

Concern One Of Most Firmly Established In Entire District

Announcement has been made today that P. J. Flaherty, president and general manager, has purchased the Johnson interests of the Johnson Bronze company, this city. The negotiations have been under way for several weeks and the deal was finally consummated yesterday. The purchase price has not been made known.

The company manufactures a miscellaneous line of finished bronze bushings, babbitt-lined bearings and sheet metal bearings as well as specializing in bronze castings for steam and electrical railroads.

According to the announcement there will be no change in the officers, Mr. Flaherty continuing as president and general manager and T. H. Hartman, president, Lawrence Savings and Trust company, as treasurer.

Recognizes Ability.

When Mrs. Grace Phillips Johnson, representing the Johnson interests, decided to dispose of their holdings, she followed her usual course of appreciation. In line with this custom, she gave Mr. Flaherty the first opportunity to take over the plant, recognizing that Mr. Flaherty developed the business of the company and is responsible for its growth and success.

The company was organized orig-

Not Satisfied With Report Of Sandino's Death

Marine Headquarters Are Skeptical Over Report Rebel Leader Is Slain

BELIEVE TRAP SET FOR NEW ATTACK

Marines Proceed Cautiously In Warfare With Rebel Nicaraguans; Fear Mines

(International News Service)

MANAGUA, Jan. 20.—United States marine headquarters is not yet satisfied that reports of the death of General Sandino, rebel leader, are correct.

The marines are proceeding with the utmost caution in moving forward in the El Chipote region, formerly held by Sandino, lest the withdrawal of his forces and reports of his death constitute a maneuver to lead the marines into a position where they may be attacked. There are some fears also that Sandino has mined the region heavily and retired.

While it is apparent that there has been a withdrawal of Sandistas and there are indications of some defections from the rebel ranks, marine headquarters is fully cognizant of a still dangerous situation.

A skirmish near Leon is accepted as indication that the rebels have not given up the fight, and there is a growing belief that the withdrawals around El Chipote are in the nature of a strategic move.

WARNS NEAR ZERO EXPECTED TONIGHT

News reels in the motion picture houses here show the plane to be named after the sponsor of the flight, A. R. Martine. His brother Stanley A. Martine is the director of Vocational Education for the New Castle schools.

Friendly Mood Is Prevailing At Conference

Insurrection Against Latin-American Policy Is Rather Well Squelched

MEXICAN DELEGATION APPEARS FRIENDLY

Charles Evans Hughes Declines Chairmanship Of Important Committee

By GEORGE R. HOLMES
International News Service Staff Correspondent

HAVANA, Cuba, Jan. 20.—The threatened Latin-American insurrection against the Latin-American policy of the United States appeared today to be pretty well squelched. Yeoman diplomatic work has been accomplished by the American delegation since its arrival in Havana to deal with the sixth Pan-American conference. As a result of this work the conference swung into the committee stage today with most of the opposition elements in a friendly mood.

Mexico's delegation, for example, is so friendly that Ambassador Dwight Morrow is returning to his post in Mexico City this week-end.

Nobody believes that Ambassador Morrow would leave vacant his chair in this Pan-American conference and return to Mexico City if there was any likelihood of Mexico's delegation up-

Believe Missing College Girl Is Held As Captive

Search For Missing Smith College Girl Swings Back To New York City

FATHER INCREASES OFFER OF REWARD

Girl Believed To Be Frances St. John Smith Registers In Pittsburgh Hotel

(International News Service)

NEW YORK, Jan. 20. — The search for Miss Frances St. John Smith, eighteen year old student who vanished from Smith College a week ago, swung back to New York City today with the arrival of her bother, St. John Smith, Jr., and a private detective.

Their hurried trip from Northampton, Mass., where the search has centered, stirred rumors that Frances was being held captive by abductors waiting for a further increase in the $10,000 reward offered by the girl's father.

Refuse To Talk

Another report was that the young student has sought seclusion in a thickly populated neighborhood where she was likely to remain unrecognized.

The movements of St. John Smith, Jr., and his companion today were cloaked in mystery. They refused to divulge whether they had any new information or clues.

In the hope that searchers would redouble their efforts St. John Smith, New York broker and father of Frances, has increased his offer of reward to $10,000.

Sought in Pittsburgh

PITTSBURGH, Jan. 20. — Search for Frances St. John Smith, missing Smith College freshman reached here today, when detectives sought the identity of a girl who registered at a hotel here as Faye Neal, of Toronto, Ont. Samples of her handwriting have been sent to Miss Smith's relatives. The girl checked out of the hotel last night.

Youthful Slayer Resigned To Fate Will Die Monday

Leon Scovern, Shamokin 'Sheik' Will Die In Electric Chair Monday

(International News Service)

SUNBURY, Pa., Jan. 20.—"I am ready." Resigned to his fate, Leon Scovern, youthful Shamokin "sheik" murderer, today awaited his last ride which is to take him to the death chamber at Rockview penitentiary. The stolid young slayer, whose guards say he is "a good actor," welcomes a relief from the dark county jail cell here, where he received word that the state board of pardons at Harrisburg had refused him clemency.

Heart Broken Mother Issues Public Appeal To Missing Daughter

(International News Service)

NORTHAMPTON, Mass., Jan. 20.—The heart broken mother of Miss Francis St. John Smith was in a state of collapse at the Northmpton house here today.

In poor health, the mother came here to assist personally in the search despite the pleadings of other members of the family.

Time and again during the past week Mrs. St. John Smith has had her hopes raised only to be cast down when a clue failed.

She has issued this public message to her daughter:

"To Frances St. John Smith:

"Frances, my darling—Please come to father and me or send word to us here at Hotel Northampton or, if it is nearer and easier, to Miss Hamilton and Nanna at 129. We long so for the happiness of having you back and we need and miss you so. Dearest love.

"MOTHER."

The reference to "Miss Hamilton and Nanna at 129" is to the Smith home at 129 East Seventieth street, New York City, and members of the household there.

After writing this appeal to her daughter, the mother, from her bed in the local hotel, insisted that the reward be increased from $1,000 to $10,000. Then she collapsed.

Edward Rhinehart, Life Long Resident; Dies On Thursday

Was In Employ Of Pennsylvania Railroad Company For 44 Years

Over sixty years of Christian service came to an earthly end Thursday afternoon at 2:00 o'clock when Edward Rhinehart, aged 81, passed away at the home of his daughter, Mrs. Maggie McWilliams of North Liberty street.

Mr. Rhinehart was a lifelong resident of Lawrence county. Born in Newport, he spent the greater part of his early life in the vicinity of Enon Valley.

He was married to Mrs. Ellen White, widow of the late George White. Mrs. Rhinehart survives her husband. Other survivors are the following children, Harry P. Millionaire Reporter To Keep Job After Wedding

JOHN BARRY RYAN, JR. MARGARET D. KAHN

(International Illustrated News)

Another marriage that brings together two of the wealthiest and most socially prominent families in the United States is in the offing.

The principals in this blue-blood romance are Margaret D. Kahn, daughter of Mr. and Mrs. Otto H. Kahn of New York, and John Barry Ryan, Jr., son and heir of the noted millionaire and grandson of Thomas Fortune Ryan.

Following the formal announcement of the engagement, young Ryan was discovered working as a reporter on a Newark (N. J.) paper. Ryan grinned, confirmed the report, announced that he would keep right on at his profession, and then waved would-be interviewers away, telling them that he had to hop out and get on a story that had just "broken."

No date for the marriage has been set.

Miss Kahn is 26 and her millionaire-reporter-fiance is just one year older. The bride-to-be's father is head of the powerful finincial house of Kuhn, Loeb & Co., and long noted for his philanthropies as well ar generofis subsidies to the musical and theatrical world.

Adolph Hotelling Starts Serving Life Sentence And Thinks Over Awful Crime

ASKS FORGIVENESS FROM HIS FAMILY

First Day In Marquette Prison Proves Terrifying To Mind Of Child Slayer

(International News Service)

MARQUETTE PRISON, Mich., Jan. 20.—Adolph Hotelling, serving a life sentence in Marquette prison for the murder of 5-year-old Dorothy Schneider at Mt. Morris, began to think of home, family and friends today. He wanted to talk, to ask all concerned forgiveness. He called a reporter and dictated the first coherent statement since his arrest.

"I'd like to thank the sheriff and my friends for what they have done for me, I want to thank Mr. Seegmiller, my attorney, for what he has done. I thank brother Frye (pastor of Christ church at Owosso) for coming to see me, I deeply regret the wrongs I have done. I ask the people for their forgiveness if they feel they can forgive. I know they can't but I ask just the same.

"Also ask the other parties, the two girls and their families, Mr. Scheider and his family, too. I ask my family to forgive me, please ask them.

In Need of Prayers

"Have my wife write a letter to the Schneider family and to the other folks. Ask the people of the church to be kind to my family and to help them if they can. I feel that I need the prayers of church and my family for the terrible wrongs I have done.

"I know it will be thrown up to my children and grandchildren as they grow up that I'm in prison. I promise to do the best I can for them. I ask God to be with them through the years.

"Thank Devere (his 16 years old son) for coming to see me. I'd like to see him and the rest of the family. But I know they can't afford to see me. I think they'd be a lot better off if I was dead instead of locked up in prison.

Democrats End Senate Quarrel

Quiet Reigns In Religious Dispute Which Developed Among Senators

SENATOR HEFLIN NOT THROUGH

BL MAURITZ A. HALLGREN
International News Service Staff Correspondent

WASHINGTON, Jan. 20. — Quiet reigned in the Democratic sector of the senate today after the Robinson-Heflin duel over the injection of the religious issue into the coming presidential campaign.

Senator Robinson of Arkansas, minority floor leader, appeared for the time being to be in complete control of the situation. Senator Heflin of Alabama, whose excoriation of Gov. Smith of New York and whose continued tirades against the Roman Catholic Church on the floor of the senate precipitated the row, declared himself to be at least in partial sympathy with Robinson's leadership.

"The leadership of the senator from Arkansas," he said, "is in the main satisfactory to me."

But underneath the apparently peaceful surface smoldered the embers of contention, ready to flare up anew. Although he accepted the decision of a party caucus in voting confidence in Robinson, Senator Heflin insisted that his acquiescence by no means signified that he would permit himself to be "gagged" on the religious question. He threatened to re-open the battle whenever he thought it opportune.

"I have a duty to perform," he asserted, "and I am going to perform it at all hazards. No rebuke, I do not care how it is brought about, how much Roman Catholic influence is brought to bear, how many peculiar circumstances point to a movement among them to have a Protestant senator attack another Protestant senator on the floor—none of these things will stop me. I am going to do my duty as I see it."

Accuse Connecticut Doctor In Murder Of Woman In Apartment

(International News Service)

HARTFORD, Conn., Jan. 20.—Following the death this morning of Mrs. Max J. Gaudet of New Haven, from a bullet wound received in a shooting affair in the apartment of Dr. Harold Guilfoyle, Franz J. Carlton, Hartford prosecuting attorney, announced he had issued a warrant charging Dr. Guilfoyle with the murder of Mrs. Gaudet.

Dr. Guilfoyle, who was shot at the same time Mrs. Gaudet was wounded, today was reported as recovering in Hartford hospital. Prosecutor Carlton said the warrant would not be served until Dr. Guilfoyle's condition was improved.

Rumor Governor May Resign And Become Senator

Would Be Appointed By Sterling Who Would Become Governor

SEAT IS VACANT BY SENATE ACTION

Earlier Reports Indicated That Governor Small Planned No Action

(International News Service)

CHICAGO, Jan. 20.—Rumors were circulated in Chicago and Springfield, Illinois, today that Governor Len Small contemplated resigning, and with succession to the governorship of Lieut. Governor Fred E. Sterling would be appointed to fill the seat made vacant by the Senate's action in excluding Frank L. Smith, Illinois senator-elect.

May Have Statement

SPRINGFIELD, Ill., Jan. 20.—Consternation reigned today in the Illinois Republican camp following the refusal of the United States Senate to seat Senator-elect Frank L. Smith.

Governor Len Small, it was learned, is prepared to issue a public declaration concerning his view of the matter and the official position of the Senate of Illinois. This statement probably will be made later today.

It is said to be the governor's view that Smith is still senator-elect, that his credentials are good for six years, and that therefore no vacancy exists which makes it mandatory for him to fill the office by appointment.

"Just as I expected," was Smith's comment when he learned that the Senate had rejected him. "I made my statement on this matter to a committee of the United States Senate. I have nothing to add to or subtract from that statement."

Mid-Year Class At Senior High To Hear Sermon Sunday Night

The baccalaureate sermon for the members of the first mid-year graduating class of the New Castle senior high school will be preached on Sunday evening, January 22, by Rev. C. J. Williamson, pastor of the Highland U. P. church.

The service will be held in the high school auditorium and will commence at 8:15 o'clock.

The class night and commencement exercises of the class will be carried out in the high school auditorium also, with the class night program scheduled for Thursday evening, January 26, and the graduating event for Friday evening, January 27, at 8:15 o'clock.

Arthur Mometer

With a whoosh and a roar and an icy blow, with a threat of ice and a hint of snow, the winter came back to resume his stay and forced it to fifteen above today. His frosty minions were filled with glee, it felt like a blast from an open sea, there was zero intended the way it blew, and the Spring departed for fields anew. It only proves what I've said ofttime, there is no Spring in a winter clime, though the day may warm and the sun may glow, if the month is January, I know that it's only a hoax of the maiden, Spring, that it won't be long till the frost elfs sing and the winter returns with a whoosh and roar, as no doubt you've noticed I said before.

Answer Filed By Vare To Petition Entered In Senate

Report Philadelphia Senator-elect Will Relinquish Seat And Run Again

(International News Service)

PHILADELPHIA, Jan. 20—Senator-elect William S. Vare's reply to the amended petition submitted to the U. S. Senate Committee on Privileges and Elections on behalf of William B. Wilson, defeated Democratic candidate, will be filed at Washington tomorrow by Francis Shunk Brown, counsel for Vare.

The reply was completed last night following the senator-elect's return from a short vacation in Florida.

The Philadelphia senator-elect is planning to relinquish all claims to the senate seat and go before the voters of the commonwealth at the April primary as a candidate for the office according to rumors in political circles here this afternoon. Verification of the report all depends upon the senate's action on the reply which will be filed with the senate tomorrow. For if the senate committee delays its report until after February 24 Vare will be unable to file his nominating petition under the present state law which requires the petitions to be filed two months prior to the primary.

In the event the senator elect runs again this year it is regarded as a certainty in political circles here that he will team up with Senator David A. Reed of Pittsburgh who will be a candidate for re-election.

When the man punched the clock and went for his cap he found nothing but the band. All of the cloth had been burned to a crisp. But the thing that caused laughter Homeric to resound through the halls is the fact that this man bald as he is put on the band and stolidly marched home.

Lawrence county alumni of the Penn State College join with 20,000 more of the boys in mourning the death of Andy Lytle, Penn State's oldest freshman. Although 80 years of age, Andy was the official welcomer of all freshmen classes for the past ten years. And he had traveled more than 40,000 miles with the Penn State football teams. Now Andy is six feet under in the Branch cemetery.

Even at that the memory of Andy Lytle will never be lost from the memory of any Penn State man. They will remember the skeleton of his mule in the natural history museum, a mule which hauled stones for the first building at Penn State. FLAHERTY PURCHASES JOHNSON INTERESTS IN LOCAL BRONZE PLANT

(Continued From Page One)

finally in 1901 as the American Car & Ship Hardware company. From 1901 until January, 1909, the company devoted its entire time to the manufacture of miscellaneous hardware for steam and electric cars. This business was not very successful. When Mr. Flaherty became affiliated with the company in 1909, the name was changed to the Johnson Bronze company. The whole line of business was scrapped and he started an entirely new line, specializing on finished bushings and bearings. From a small struggling organization of a few men, this business has been built up to one of the largest of its kind in the United States. From one small building, employing 30 to 40 men, the plant has been enlarged to its present proportions and now covers 2½ acres in the center of the city, employing approximately 500 workers.

Mr. Flaherty has been continuously in the manufacturing business since he was 16 years of age, starting in as a check boy in a large manufacturing plant near Pittsburgh and worked his way up thru all the various positions in various departments which equipped him to understand the principles of plant management which can be learned in no other manner.

Developed in Plant.

The line of product manufactured by the Johnson Bronze company requires an accurate and thorough system of accounting, cost keeping and production control, and Mr. Flaherty installed a very thorough system in his plant which enables him at all times to keep in intimate touch with all the details of the operations, insuring himself and the other executives of the company accurate knowledge and the consequent efficient management.

All the executives or department heads running the various departments in the Johnson Bronze company were developed in the plant, being practically all college trained men who started in the plant after graduation from school and who combine technical knowledge with the practical experience they have received since they have been associated with the company.

The plant is operated entirely on a budget system and on account of the high degree of the ability of the department heads, all departments are kept at the highest point of efficiency at all times, which accounts for a large degree of the success in the growth of the business.

The Johnson Bronze company is now recognized as one of the largest manufacturers of finished bronze bushings, bronze back babbitt-lined bearings and sheet metal bushings in the world. They are turning out at the present time ten million pounds of bushings and bearings per year and the business is growing larger each year.

Firmly Established.

After 19 years of conservative and continuous effort the business is firmly established and the sales of the product of the company extends from coast to coast. The company has warehouses located in San Francisco, Chicago and Kansas City from which its product is shipped to surrounding localities in order to take care of customers efficiently and promptly. A nice export business also has been developed which indicates an increasing sales in the export line as the years go by.

The product of the company is in demand by practically all the automobile manufacturers and practically every other line of industrial manufacturers requiring machinery in their operation together with a very large business with the railroads and a very large outlet in the automobile jobbers field. At the present time the company is selling to practically all the automobile jobbers in the United States, Canada and European countries.

One of the features relating to the Johnson Bronze company is the fact that since 1909 it has operated continuously without a shut-down, a record that augurs well for the future.

The plant and the organization is one that New Castle can well be proud of, and Mrs. Grace Phillips Johnson who has made an enviable reputation by her fair and honorable dealings with whoever comes in contact with her, is to be commended for recognizing Mr. Flaherty's efforts and giving him the opportunity to take over the business he developed for her.

SMITH EXCLUDED BY SENATE VOTE; SETS PRECEDENT

(Continued From Page One)

may act on Vare's right to a seat within the near future.

Different Committees

Different committees have handled the two questions. The Reed slush fund committee, which forced Smith's exclusion, has handled the investigation of Vare's campaign expenditures. It probably will recommend his exclusion as a result of the outcome of Smith's case. The Senate committee on privileges and elections, however, is handling the Wilson-Vare contest and it probably will not have a report ready for months.

The resolution, which excluded Smith, first set forth in a preamble the results of the Reed committee's investigation. It charged Smith with spending $458,782 directly and indirectly to win the Republican nomination in Illinois in 1926. It set forth that $203,000 of this fund was contributed by the heads of public utilities while Smith served as chairman of the public utility commission. This action it branded as a "misdemeanor" under the Illinois law.

The resolution then embodied the Newberry declaration that large expenditures were "contrary to sound public policy" and "dangerous to the perpetuity of free government". In conclusion it held the expenditures tainted Smith's credentials with "fraud and corruption", declared him "not entitled to membership in the Senate" and held a vacancy exists in the representation of the state of Illinois in the United States Senate".

Oath Is Denied

Before this was adopted the Senate again denied Smith his oath by a vote of 27 to 56. Twice previously his oath was denied, once in January last year by a vote of 33 to 48, and again in December by a vote of 32 to 50. Each time the majority against grew greater.

On the vote of exclusion the Republicans opposed to Smith included Blaine, Borah, Brookhart, Capper, Couzens, Curtis, Dale, Frazier, Gooding, Howell, Johnson, Jones, La Follette, McMaster, McNary, Norbeck, Norris, Nye, Robinson, Ind., Steiwer and Willis.

The two Democrats voting for Smith were Blease and Steck.

Senator Sackett (R) of Kentucky was paired against Smith, while Senator King (D) of Utah was paired in favor of him.

FRIENDLY MOOD IS PREVAILING AT CONFERENCE

(Continued From Page One)

setting the international apple cart at Havana.

Hughes Declines

Similarly with other threatened controversies Charles Evans Hughes, who admittedly is the outstanding international figure in the conference, graciously declined to serve as chairman of either of the most important committees of the conference—those dealing with the codification of public international law and with the future status of the Pan-Union.

Mr. Hughes pleaded that his duties as chairman of the American delegation would prevent his giving adequate time to the work of the committees. And instead of Mr. Hughes accepting the honors himself, he nominated for chairman of the international law committee Dr. Gustavo Guerrero of Salvador, who has been among the most vigorous of critics of United States policy in Nicaragua and through Central America generally.

Dr. Guerrero was highly pleased by the compliments of being chosen the chairman of the most important committee of the conference. It is this committee that will have to deal with the question of whether under international law the United States has or has not "invaded" Nicaragua by the dispatch of thousands of marines to occupy the towns and insure a "free election" next year.

Committees Meet

The first chairmanship of committee which Mr. Hughes refused was that of the Pan-American Union. This is an important committee, if for no other reason than that some of the smaller countries of Latin-America are insisting that the union be removed from the category of an international debating society and given power to supervise such things as the present American military occupation of Nicaragua.

This chairmanship was given to Enrique Olaya of Colombia, who, within his diplomatic limit, has not entirely approved of American policy in Nicaragua and elsewhere in Latin-America.

The granting of chairmanships of important committees to the Latin-Americans, and particularly these who might be unfriendly, rather than to the large and imposing delegations which the United States has brought to Havana, has created a most favorable impression upon the delegates at large.

The program today called for more committee meetings. The work of the congress has been all split up in committees and it is improbable that there will be another plenary session for several weeks.

PROPERTY SEIZED BY COUNTY SHERIFF

Sheriff H. M. Reynolds has seized the property of Eli and Ida Joki located in the Fourth ward. There are two houses each one and one half story high on the lot. The execution is issued by C. W. Fenton executor in the estate of the late Catherine Kimberly.

Deaths Of The Day

Mrs. Majors Buried

Funeral services for Mrs. Fannie Majors, widow of Christopher Majors took place Thursday afternoon at 2 o'clock from the home of her daughter, Mrs. Alice Mulholland, 212 Pearson street with Rev. C. R. Davis, pastor of the Moravia Gospel Tabernacle in charge assisted by Rev. and Mrs. E. C. Anderson of the Pearson street Gospel Tabernacle. Mrs. Ralph Guy and Miss Charlotte Galvin sang "Asleep in Jesus, "Safe in the Arms of Jesus," and "Nearer My God to Thee" during the services accompanied on the piano by Mrs. Harry Henry. Burial was made in the North Sewickley cemetery and the pallbearers were Harry, Emmitt, Charles, and Roy Houk, Ray Cooper and Lewis Majors.

Mrs. Dean Buried

Funeral services for the late Mrs. Nellie M. Dean, widow of J. J. Dean, one of the best known and highly esteemed women of this city, were conducted Thursday afternoon, Jan. 19, at 2:30 from her residence on East Lincoln avenue.

The services were largely attended by her many friends, with whom she associated in church, social and home life. Sympathy was expressed by a profusion of beautiful flowers and bore mute evidence of the great esteem held for Mrs. Dean by a host of friends.

Dr. Carlysle H. Holcomb, pastor of the First Christian church, of which she had been a most faithful and consistent member, officiated at the services, assisted by Rev. Samuel C. Gamble of Butler, Pa. A quartet, composed of Rev. and Mrs. Holcomb and Mr. and Mrs. R. E. Johns, sang very beautifully the hymns "Going Down the Valley" and "Lead Kindly Light" during the services.

The honorary pallbearers were B. F. Moorhead, J. E. Ligo, D. Valensi, Tad Shields, W. E. Grove, Dr. Charles Reed, W. S. Leedy, Dr. J. M. Garver. The active pallbearers were Frank Norris, Samuel Johnston, Samuel Norris, A. L. Turner, John Norris, Walter Nelson, Charles Book and O. D. Williams.

Burial was made in Oak Park cemetery.

Mr. Fitzgerald's Funeral

Funeral services for the late George Fitzgerald, whose death occurred in Denver Co., were held this morning at 9 o'clock from St. Mary's church of this city. The funeral mass was celebrated by Rev. Fr. F. F. O'Shea. The pallbearers were James Jackson, Jerry Maher, John Neuman, Joe Hannon, Neley Brice and Cowden Moore. Interment was made in St. Mary's cemetery.

EDWARD RHINEHART, LIFELONG RESIDENT; DIES ON THURSDAY

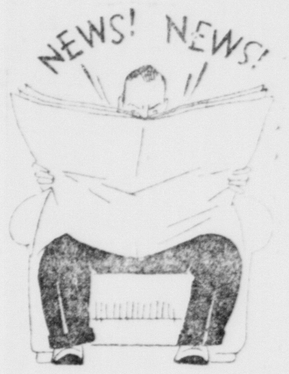

(Continued From Page One)

the following brothers and sisters, Mrs. Jerry Seamons and August Rhinehart of New Castle and Mrs. John Guildoo of Verona, Pa., and Mrs. Cyrus Guildoo of Louisville, Ky.

For forty four years Mr. Rhinehart was an employe of the Pennsylvania railroad, being a baggage master and during the last years of his service, an usher. About 10 years ago he was placed on the Honor Roll of the company. Following his retirement he was associated with the McKee Cut Rate Drug Store, but about three years ago met with an automobile accident which confined him to his room from that time.

He was a charter member of the Epworth M. E. church and Men's Bible Class. For many years he was an active force in the religious life of the city and won himself a host of friends through his service and his genial disposition.

Funeral services will be held Saturday afternoon January 21 from the Epworth M. E. church at 2:00 o'clock.

the place thoroughly. They even took out the contents of the safe, which had been broken open on the previous visit, but had never been repaired. The thieves did considerable damage to the books found in the safe.

Thearticles taken include six leather coats with fur collars, five ladies' gray coats with knitted bottoms, six leather coats with knitted bottoms, two dozen Florsheim shoes, two dozen Star brand children's shoes, 18 men's sweaters, 18 pairs men's dress pants, one dozen silk dresses, one dozen silk sweaters, and a dozen infants' voile dresses.

BLUE BONNETT REVUE HEADS CAPITOL BILL

Sometimes its good looking girls, and sometimes good singing, sometimes clever hoofing and sometimes flashy scenery. In the case of the Blue Bonnett Revue which is heading the vaudeville bill of the Capitol Theatre these last three days its a combination of all. The act is one of the best seen here this season and has six fast stepping, hard working artists in it.

Billy King and company with two men, a girl and a piano present fourteen minutes of harmony and laughs, but get this, the two boys can really sing.

Jack Hall completes the bill with an instrumental act augmented with a short monologue. He can do more tricks with a saxophone or a clarinet than a card sharp can with a deck, and the way he moans out the St. Louis Blues is just nobody's business.

The picture is creating a gale of laughter especially among ex-service men. It is a screen comedy of two delegates to the Legion convention in Paris and the boys go from one laugh to another. All in all the bill is well balanced, full of entertainment and well worth seeing.

MRS. REDENBAUGH IS SPEAKER AT MEETING

Members of the Art Club, with the Federated Club women as their guests, had a most enjoyable meeting Thursday afternoon in the Y. W. C. A. when Mrs. M. N. Redenbaugh of Pittsburgh spoke on "Period Furniture".

Miss Edith Moore presided and an invitation to attend the banquets of the Outdoor Advertisers Association and the American Legion were read.

Mrs. Wayne Stitzinger has been appointed as vice president to fill the unexpired term of Mrs. Clarence Baer.

Miss Kathryne Nessle in her usual charming manner played two beautiful piano solos.

Mrs. Redenbaugh was then introduced and with her pleasing personality and informal attitude presented in a very interesting manner, with the aid of slides, the furniture which typifies the various stages in civilization.

From the beginning of time the furniture reflected the mental, social and moral standards of the people, and so on through the ages, each generation has attempted to improve on the decoration of the furniture.

Mrs. Redenbaugh told of the pictorial history of the Egyptian period from 500 A. D. with the winged disk, the lotus and scarab motifs. Passing through the Greek and Roman periods to the Gothic or dark age in art, when the heavy oak chest was the one important piece of household furniture. Then came the Renaissance period or new birth, which started in Italy and spread to England, when a marked advancement was made in the types of furniture. Advancing through the ages, Mrs. Redenbaugh told in detail of the Jacobean, William and Mary, Queen Ann, Louis the XIV, Chippendale, Hepplewhite, Sheritan to the American and present day furniture, which has become a lovely combination of beauty and comfort.

The Windsor chairs and tip-top or tripod tables are descendants of the sixteenth century ideas, only advanced in design.

Having traveled extensively through Europe, Mrs. Redenbaugh gave some firsthand information on furniture she has had the privilege of viewing.

Linger Longer Club.

Linger Longer club members were entertained in the home of Mrs. J. F. Sheppard, North Shenango street, Thursday evening. Prizes of the evening were won by Mrs. Harold Bird and Mrs. Guy McCracken. Mrs. Jess Neighbors was a special guest.

Later the hostess was assisted in serving refreshments by Mrs. Jess Neighbors.

Mrs. Harold Bird, Wilmington avenue, will be hostess in two weeks.

Woman's Club

Due to the prominence of the speaker secured by the Woman's Club for Monday, January 23, in the Highland U. P. church the meeting will start at 2:30 in order that the business of the day may be out of the way, and the speaker begin promptly at 3 o'clock. Members will notice the change in time.

LARGE ATTENDANCE AT SISTERHOOD DANCE

Over 100 couples were in attendance at the first annual ball to be given by the Sisterhood of Temple Israel at the Temple Israel social center Thursday evening. Dancing was in vogue from eight until one o'clock. Many leap year innovations featured the evening's program.

A buffet lunch was served later by the committee.

Out-of-town guests were present from Pittsburgh, Sharon, Butler, Beaver, Ellwood City, Youngstown and East Liverpool, O.

Hadassah Tea

Plans were completed for the Hadassah membership tea when the committee met in the home of Mrs. Eli Kaplan, North Mercer street. The tea will take place January 22 at the Beth Shalom center and will be the culmination of a membership drive started in December on Hadassah Sabbath. This drive is an annual affair observed by all Hadassah chapters throughout the country.

Mrs. Louis Sandler, program chairman, has planned for a fine program. An original sketch by Mrs. M. Rinehart will be presented by Mrs. J. Cohen and Mrs. R. Rubenson. An original song will be played by Mrs. Edward Rieder and sung by Mrs. S. Rosen.

The speakers will be A. Granawitz and Miss Snyder, who is national president of Junior Hadassah.

Tea will be served by the committee with Mrs. A. Fisher as chairman, assisted by the hospitality.

B. A. W. Club.

Mrs. Ralph Rodgers, West Hazel street, received the B. A. W. club members in her home Thursday evening. The following officers were elected: President, Mrs. Carl Turner, secretary, Mrs. Orville Potter; treasurer Mrs. Carl Staeber and reporter Mrs. Ralph Rodgers.

The evening was spent socially and the prize was won by Mrs. Orville Potter.

Mrs. Carl Staber assisted the hostess in serving dainty refreshments.

February 2 the members will have a dinner at the Elks club. The next regular meeting will be with Mrs. Carl Staber, East Edison avenue February 9.

Class Meeting.

Miss Genevieve McCay entertained in her home on Maryland avenue Tuesday evening members of her Sunday school class and their teacher, Mrs. R. S. Houk. Twelve members were present and two special guests.

FREEDOM OF THE AIR

"AS FREE as air" no longer suggests the extreme of freedom. Now that air has become a medium of wide communication, congress has put upon its articulate use certain restraints. Radio broadcasters do not have the freedom of the air, and under another congressional restriction no person within the jurisdiction of the United States shall utter any obscene, indecent or profane language before the microphone.

Are there no other restraining obligations upon the individual who enjoys the freedom of the air? Has he the right to bore, insult or outrage the listening public?

The peril comes from the insidious propagandist, the alluring demagogue, the covert advertiser, the fatuous entertainer and the debaser of the arts. The listener has, of course, instant protection from all these invasions of his privacy. A turn of the dial and these demons of the air are dismissed, but they are still monopolizing valuable air lanes.

Obviously this new medium of communication must be as open to the free expression of opinion as is the press, but there must be on the part of those who are responsible for what passes through these channels of the air as conscientious an effort to present truth, and to offer what is ennobling in art, as is expected of those at the head of universities or of newspapers.

If broadcasting is to be a wholesome influence, it must be through such high-minded direction as is exhibited by those who not only need no official censor to keep their programs from vitiating the air, but who have an aspiring purpose to make the ampler ether a diviner air.

CONSERVATION OF WILD LIFE

REPORTS of game killed during the recent open season in Pennsylvania have been partially compiled and, on the showing made, this state is being regarded as a hunters' paradise.

The report is filled with facts most interesting, showing the abundance and variety of wild game, as, for instance, 25 elk were killed legally, 14,646 deer went into the bags of the hunters and 319 bear. In addition the game experts estimate 1,200,000 squirrels and 3,200,000 rabbits were taken.

People in other states doubtless will be surprised at the showing of wild animals in this old settled state. It is the picture of results accomplished where game laws are framed wisely, where waste lands, hills and mountains, are made sanctuaries for the animals and conditions of life are provided that insure rapid increase in numbers.

Pennsylvania did all that and, in addition, has given full protection to wild life. The results are in evidence. Wild life has been multiplied exactly as nature provided, the waste places have become the homes of animals and birds.

What Pennsylvania has done other states can do if they set aside the open spaces, waste lands and hills, and give the animals a fair opportunity, it is being pointed out in other states, and some will likely follow the plan in the hope of restoring game to their areas. Pennsylvania has restocked her hills and mountains, her efforts have been successful, wild life is abundant. The state has much to justify her is feeling proud of what has been done. Other states could secure the same approximate results if they use the same methods and place the work in the hands of men who know the task and attend to it.

SOME MEANINGLESS UTTERANCES!

THE vice presidency is not, in theory at least, a very gay job. It is an office and it has its dignities, its silences and its precedents. But no lights are trained upon it, and it does not often produce decisions that will startle millions. But a vice president is another thing from his office. There is Mr. Dawes. He, too, has his dignities and his honors, but he does not enjoy silence and he has no respect for precedent.

He broke the vice presidential silence and at least two of the sacred precedents of his office when he came out openly for Frank O. Lowden for president and Mrs. Ruth Hanna McCormick for representative-at-large from Illinois.

That, however, was nothing new to Mr. Dawes; experience has given him a fine hand in such matters—and perhaps an understanding of the popular gains therefrom. Even those who do not kick over the traces are amused by others who do.

However sincere the vice president may have been in his declaration for Lowden, his "indiscretion" will not deprive him of the Republican presidential nomination should the convention decide he is the man it wants in the white house the next four years. Mr. Hughes has said he is for Coolidge for president, but nobody takes that as an elimination of Mr. Hughes from the list of availables.

The Republicans are an independent lot of men and women when they gather in national convention. They will pick out a nominee for his strength, not for his weakness, and their choice will be without reference to any previous coy disavowals by the man they select.

In other words, pre-convention utterances of presidential timber are as meaningless as campaign promises.

More girls are taking up basketball, perhaps because it is such excellent training for bargain counter rushes.

Eleven months of the year still remain, and already a lot of second-hand good intentions are available for paving purposes.

It is estimated that fifty per cent of church members contribute nothing to its support. It is also estimated that they get out of the church just about what they put into it.

Hints and Dints

Sun sets tonight 5:04. Sun rises tomorrow 7:19.

Any newspaper reporter knows that hardly one rumor in a hundred is based on fact and when run down is found to be nothing but the imagination of some bird who did not think.

One of the child murder fiends never smoked, drank or was given to anger, we are told. He will probably smoke later.

Small boy at Mahoningtown asked his mother if all good children go to heaven. She nodded. "Oh, well," said he, "they certainly earn it."

It isn't every man who can wear his hat with the brim turned down all the way around.

Let the world laugh with you—not at you.

We notice that Arthur Brisbane, who writes a column in The News, drops out once in a while. In over 25 years this column has never failed to appear once. If we do not get the stuff for it some other person does and does it much better than we do.

About the only heroes that have banquets served in their honor are football heroes and prize fight heroes. All other kinds of heroes have to pay for their own banquets or do without them.

"I will never wind the office clock again," said a New Castle business man who employs a lot of help. "What's the use? Nobody ever pays any attention to it, for none of my employes ever will go home at night until he or she has finished all the work in sight." You can tell the next one.

From the general looks of things politically we are of the opinion that this year is going to be some year and before it is over some politicians will bite the dust for all time.

We can remember when doctors had no office attendants, but a slate nailed on the door on which to leave calls.

The prohibition commissioner at Washington, D. C., for some reason best known to himself, has again issued an order that no champagne or other sparkling wines can be used for sacramental purposes or religious rites. Not long ago he had to issue an order against the use of gin for the same purpose. Some people will be just as bad as they can be and must be curbed when they get too gay.

It has been discovered that an old law passed in Pennsylvania in 1803 makes grandparents responsible for the support of their grandchildren. A grandfather at Vandergrift, Pa., is now being held on a charge of that kind. This old law may cause a lot of uneasiness.

A California couple were married recently on the golf course and all during their married life we suppose this entitles her to swat him with a golf culb instead of a rolling pin.

The Allegheny county jail is overcrowded as is also the workhouse in that county and the claim is made that it would be dangerous to put any more people in the workhouse. It is suggested that about $200,000 be spent for additional room for the prisoners. What is the sign of full jails?

A third ward man has forced his wife to economize. He told her recently that if she didn't stop spending so much money there would be nothing left for alimony.

An effort is to be made to stop the stealing of automobiles in this country. In the old days hanging did not stop the boys who rode off with the horses of other people, so it will be interesting to see what can be done with the automobile stealers.

Alex Fox, New Castle product, is to lead the football forces of the University of Pittsburgh next fall. Just another example of what may be accomplished when a community is united behind a project and helps along. Good coach at the senior high school is doing more to put New Castle on the map than any other single thing and it's the result of a real community effort, plus the personal ability of this benefiting.

We wonder what the saw mills now do with the sawdust they used to sell to the saloons. All of it cannot be used in stuffing doll babies.

The jack of all trades is usually the master of none. However, the jack and the joker in a game of cards have proven too much for a hand full of good ones.

It's about time that some of the birds around here realize that all games, and especially those games of chance, are not on the Sunday program of this city.

A bird in the hand is worth two in the bush. Sometimes the office seeker forgets this little saying and is counting on the birds in the bushes, forgetting that they fly high and are hard to catch, when frightened.

Still, the cigarette lighter can't entirely replace matches until some genius invents a toothpick attachment.

Those who have been saving garage rent by using the public streets may find this habit expensive in the future. It is planned, it is said, to have all machines found parked on the streets late at night or rather early in the morning, placed in a garage. It will be far cheaper to have a garage then.

Dear Sir: If you would know one of the reasons why married men have more gray hairs than bachelors, just drop in most any grocery store and see what you get when you ask for a dollar's worth of potatoes. One is almost inclined to believe that some merciless trust has taken over what was once our humble spud, and is now determined on giving it a place of value and dignity.

I WOULDN'T ADVISE YOU TO TRY THIS

A man living in Ellwood City has discovered a quick way of getting down stairs.

It is to step on the family cat taking a snooze on the top step.

He doesn't recommend it, however. For while he admits it is even quicker than an elevator, it is anything but an easy way to descend a pair of stairs.

And more than that it is almost impossible for a man to do it in a dignified manner.

A rich but very eccentric man died. The clergyman, who was young and new to the parish, thought it a fitting opportunity to call and comfort the widow. "You must not grieve," he told her. "The body that lies here is not your husband. It is merely a husk, an empty shell—the nut has gone to heaven."

Perhaps you have noticed that at a dinner the nuts are not always found on the table. Most of them are making speeches.

Sign on a flivver rattling up Mercer street yesterday: "The Ingersoll of Autos".

A Kansas City judge has ruled that a woman is entirely within her rights in bending back her husband's toes to awaken him if other methods fail. This husband evidently did not think so, for the clouting his wife got from him made her race to the courthouse. A woman should try throwing cold water on her husband to awaken him before she bends back his toes.

The way of the transgressor is hard, but his get-away is soft.

Wouldn't it save annoyance if Oklahoma would try a companionate governor?

A cold snap is reported in Lower California. Coming at this time when it is not even freezing weather here, will make a lot of tourists think twice before going where it is not much warmer.

You can tell the road to success by the friendships scrapped along the way.

It may be foolish to jump at conclusions, but the conclusion is certain if you don't jump.

A farmer in the state of New York has gone into court asking for an injunction against an airplane flying company to make them stop flying over his farm because it annoys his cows and chickens and they are not producing as contented and unafraid farm denizens should produce. Well, it would be hard for even humans to keep their minds on their jobs with flying machines in the air above them about all the time.

Moderns haven't grown indifferent to religion. They just talk about it less and practice it more.

Woman's summer garments are more sensible than man's, but as an indication of brains the thing silk nightie doesn't compare with outing.

Smith and Vare aren't the only ones astonished by the discovery that senators must be pure in heart.

THE CROW

"Black as a crow" is a proverb of comparison. The man who says that the crow is not black probably will be set down as one who knows not the truth, but here is the statement flatly: The crow is not black.

The plumage of the crow, when the sun strikes it fully and fairly, glints with tints of bronze and blue and purple. Light is needed to bring out the sheen in all things, and the crow is not to blame because the first man who saw him and said he was black met him on a dark day.

The common crow of America has all the interest of trick, of manner and of character that is held by his first cousin, the raven, and yet the raven holds a much larger place in prose and poetry than any other bird, unless exceptions must be made in favor of the nightingale and the skylark. Our American crow can count his tributes of praise in poetry on his claws.

The crow in some states has a price on his head. He has been called a thief since the day that his ancestors came out of the ark. However, his character, like his feathers, is nothing like so black as man has seen fit to paint it. Thrown into the scale with the good, the interest, and the life which the crow adds to our fields, the argument for letting him live becomes virtually unanswerable.—Chicago Post.

A young intellectual needs a fine vocabulary. The smaller the idea, the bigger the words needed to express it.

Americanism: Many men passing a resolution; urging one man to do his duty.

A hick town is a place where the banker is ashamed not to renew your note because his wife borrows your wife's bridge tables.

The crime wave will end when lawyers refuse to defend a killer or bandit until convinced that he is innocent.

The Oil Battle.
21 American Nations.
2 Great Bear Fighters.
Wise Amarillo, Tex.

By ARTHUR G. BRISBANE
(Copyright, 1928, by N. Y. American, Inc.)

NEWTON, Kas., Jan. 20.—A heavyweight battle for the world's oil championship is on between Standard Oil of New York and the Shell Oil Company, largely owned by the British government. Shell had been buying oil from Russia, selling it at a profit in India, and other convenient markets. Britain threw out Russia's representatives, cut off commercial relations, and British oil companies stopped buying Russia's oil. That was round one.

Intelligent Standard Oil of New York said, quoting a well known play, "if you don't want her, I want her." Standard buys Russia's oil, sells it in India and elsewhere, saving a haul of 5,000 miles from our home wells. That is round two.

The Shell Company, and Great Britain rage. The British oil fox having cut off its tails, requests New York's Sandard Oil to be "decent enough" to do the same. The Standard Oil of New York, like the long tailed foxes in the fable, can't quite see the point and continues buying and selling Russian oil.

That our British brothers call "Yankee treachery." End of round three.

The British Shell Company starts round four with a price cutting war in the Indian oil market, causing Standard a loss of $4,000,000 annually, according to Standard's own statements. But Shell oil will have to do better than that, to annoy Standard Oil seriously.

A loss of four or forty million dollars is catalogued by Standard Oil as "petty cash," an dlater, in other parts of the world, Standard may show the British gentlemen what a real price war means.

El Impartial and other newspapers in Spain are displeased with President Coolidge's warm reception in Cuba, natural because this country took Cuba from Spain and gave the beautiful island to the Cuban people. El Impartial says this country has reserved rights in Cuba. It has reserved only one right—the right "to intervene for the preservation of Cuban independence." We not only made Cuba independent, but guarantee that she shall remain so.

One hundred and four delegates representing 21 nations including the United States, are gathered in a great conference hall in Havana. Those 21 nations are the greatest power for peace in the world, also the greatest power for war, they stick together.

Canada, without relinquishment of loyalty to the British empire, would be a leader in that conference. Canada's interests are in these American continents, their independence and their future.

Anthony Rousch Mills is dead, aged 77 at Sundance, Wyoming, and is probably in heaven now talking with Lahire, that famous French bear fighter of centuries ago.

Thirty-eight years ago Mills, turning a sharp corner in the Black Hills, came face to face with a silver tipped grizzly that knocked his gun out of his hand, bit off his nose, seized him by the calf of the leg and dragged him along the trail. Rousch pulled his knife, stopped the bear's flight by holding on to a tree, and cutting its jugular vein killed the bear. It was a good bear fight.

Old Lahire's fight is made memorable by his first prayer that Lahire had ever uttered: "Lord, I do not ask for to help Lahire, I only ask you not to help this bear." The prayer was answered and Lahire won.

On the Texas map at a central spot about equally distant from Denver, El Paso, Dallas and Kansas City you find thriving Amarillo. Ten years ago that city's population was 15,494. Now it is 55,778, and growing rapidly, surrounded by an empire of its own, no competitive city within 200 miles. The Amarillo empire, about as big as Ohio, with 35,000,000 acres of level, fertile land, had 150,000 people six years ago and now has more than 500,000.

Cheap natural gas, heaven knows how many barrels of oil, wheat, cotton, everything tends to make Amarillo prosperous.

But the important thing is that Amarillo celebrates its prosperity by spending $900,000 more on its public schools and intends to keep on spending, so that "school accommodations may always be ahead of the damand."

That means more to the future than all the oil, gas, wheat and cotton. Big New York and Chicago, Please note.

FAMOUS LAST WORDS:

Jake Bentley is lettin' his whiskers grow till Indianny gits a Democratic gov'nor, but if he wants 'em t' git good an' long he ought t' let 'em alone till women git too independent t' accept alimony.

Dr. Crane's Editorial

THE STRANGENESS OF COMMON SENSE

When President Coolidge tersely announced that he did not choose to run, there were exactly 465,000,000 explanations of the statement given out by the politicians.

They thought he meant everything but what he said.

The idea of a man talking and saying just what he meant was unheard of.

Common sense and simple honesty are so rare in the political world that when we meet them in the street we do not recognize them.

Then the other day John G. Lodge, granduncle of Colonel Charles Lindbergh, was elected Mayor of Detroit. He declined to make any speeches and he gave out no statements to the press. Neither did he make any promises to anybody. In fact, he took no part in the campaign, directly or indirectly. He simply said: "The people know my record for forty years' service for the city. That is my platform."

He seemed to have the strong idea that the best qualification for filling office is being able to discharge the duties of that office instead of being a good speech maker or shibboleth juggler, baby kisser or hand shaker.

If this sort of thing is to continue what will become of the politicians! We are so used to juggling popular slogans, fanning false jingoism and other antics of that ilk that a man stands out when he simply says, I can do the business and if you want me I will take the job and if you don't want me you can go soak your head.

Rare as this common sense is, however, there are a few who appreciate it and look with satisfaction upon the election. Mr. Lodge is Mayor of Detroit. We hope and pray, also that his example may spread, for we have had about enough of "running for office", making pleas, shaking hands, kissing babies and all that sort of thing. It is about time we saw the office running for the man.

It has always been characteristic of real ability that it should be sought for and not that it should hunt around for a job, and the idea of a man going out with a brass band trying to get an office is hardly as satisfactory as a man actually doing his work and having the office come to him.

Bible Thought For Today

OUR TESTIMONY:—Accept, I beseech thee, the freewill offerings of my mouth, O Lord, and teach me thy judgments. Psalm 119:108

PRAYER: Lord, my lips would ever speak of Thee out of a full heart.

Diseased nerves may excuse you in case of murder; but try that plea after forging a check and see what happens to you.

The World AND THE Mud Puddles

NEED MORE BACKBONE

Ex-Governor Gifford Pinchot ran as a candidate for United States Senator at the Pennsylvania Senatorial Primaries. He and his friends did not spend quite as much money as did Senator Elect Vare, but the sum spent was large enough to cause a shudder to pass through such Malcontents as Norris, Brookhart and Company. Nevertheless, Mr. Pinchot is now suggesting a variety of punishments for the improper use of money in Senatorial and other Elections. It would be difficult to say how Mr. Pinchot's expenditures differed from Mr. Vare's. Only a blind partizan could explain all that. "What is significant in the whole incident", says one newspaper, "and the arrogant self-righteousness of the United States Senate is the pitiful weakness displayed by the Republican Party."

"Much of that arises from the popular election of Senators. This nation has always had the popular election of a Congressman but the voter for a Senator from Colorado exercises about fifty times the power of a citizen of Pennsylvania. The consequence has been a most inferior breed of Senators. In the days of the giants like Fry or Edmunds or Aldrich the counter-attack to the cant about Smith of Illinois and Vare of Pennsylvania would have stopped that sort of thing then and there.

With a Republican party in the Senate possessing as cintilla of courage, objections would have been immediately raised to every single Southern Senator, elected in defiance of the fourteenth and fifteenth amendments of the Constitution. It is probably constitutionally untrue that the Senate possesses the powers it has exercised in rejecting candidates lawfully elected and fulfilling all Constitutional requirements. But if the Senate feels like making that kind of exhibition of itself it should be given further opportunities to do so.

It is difficult to imagine a party which elected its president by a plurality by more than seven million votes developing cold feet six months before the nominations, but that is exactly what has happened. There is nothing here said about the so-called Progressive Senators. It is the old line party regulars who seem to need backbone. They put themselves continually in the wrong. They listen abjectly to hectoring from such authorities as Heflin and Brookhart, and none of them has the spunk to talk back.

In the old days when the legislature chose a Senator to represent the state at Washington the country was well served. Occasionally, a powerful machine leader would seize the Senatorship for himself but the candidates were men of character and men whom by service and brilliant record had made their states proud of them. How many Senators like that now remain? In point of dignity and usefulness the House of Representatives has completely taken the place which the Senate occupied in public respect less than twenty years ago.

YOUR OWN JUDGMENT

There is no good substitute for your own judgment when your judgment is sound. Even many established "rules for success" ought to be thought through before they are adopted—if at all. Judge Gary wrote in his will that he "earnestly requested" his wife and my children and descendants that they invariably decline to invest in any untried or doubtful securities on property or enterprise or business."

As Forbes, financial writer, points out, if everybody strictly followed this advice it would mean business stagnation. The habit on the part of at least a few of "taking chances" in business investments has done a great deal for the prosperity of this country.

LIVE LONGER

It is often said there has been no improvement in the human intellect since Plato's time. Man produces few bigger, broader, finer ideas than were produced 2,000 years ago. But in some particular ways we have learned a lot and there is no reason for pessimism. For example, the average duration of human life today is 57 years. Fifty years ago the average length of life was 35 years. That

WONDERS

Somebody is always compiling lists of the Seven Wonders. Why seven? Well, a thousand years or more ago the best minds were convinced that there were special mystic virtues in the numbers three and seven. Any catalog that couldn't be compressed into three units was expanded or confiled to seven.

So the best minds agreed upon the Seven Wonders of the age. A great statue, a fine terraced garden and other such gigantic physical creations were listed. You've read the list many times. Moderns of a century ago like to follow the ancients as closely as possible, so lists of the Seven Wonders of the modern world were compiled, and these included such objects as London Bridge, Niagara Falls and the Leaning Tower of Pisa.

I see no reason why we need confine ourselves to any ancient mystical numbers. Here are the wonders of the modern world, as I see them:

Niagara Falls, Woolworth Building, Eifel Tower, Will Rogers, vaccination, the airplane, Charles Lindbergh, Pike's Peak, Roosevelt Dam, the Holland Tunnel, H. L. Injuries Fatal To Young Man At Washington, Pa.

Young Man Severely Beaten As He Leaves Home Of Girl Dies In Hospital

(International News Service)

WASHINGTON, Pa., Jan. 20.—The victim of a mysterious attack, Israel Slotsky, 26, died in a hospital here early today from injuries sustained when he was beaten while leaving his fiancee's home in the Goat Hill district.

Slotsky's plight was revealed to his fiancee when she looked from the window a short time after he left her home, and saw his flashlight lying on the ground.

She rushed outside and found him lying unconscious. A crowbar found nearby is believed to have been used in the attack. Slotsky was rushed to the hospital but never regained consciousness.

The Goat Hill district is inhabited chiefly by industrial workers and is poorly illuminated, it has been the scene of several robberies recently.

Six brothers and a sister survive Slotsky. Since his parents death he had been making his home with three of his brothers and was employed as a glass worker.

shows a tremendous gain in knowledge concerning the human body and the methods of treating it by medicine and surgery.

It was not so many years ago that 300 out of every 1,000 babies died before the age of two and a half. Now only 100 out of 1,000 die in infancy and in some localities that rate has been much reduced.

REMEMBRANCES

The habit of distributing Christmas gifts, dividends, bonuses and the like among employes by the heads of stores and manufacturing plants grows from year to year. It shows the increase of the heart interest, the increase in the spirit of co-operative fellowship in business. If it only reflected a great prosperity it would be neither important nor very hopeful. But it reflects an improving spirit among men.

RESISTING KNOWLEDGE

Max Mason, president of Chicago University, says college educators ought to wake up to the fact that the average student comes to college not to resist knowledge but to acquire it. Not everybody would share President Mason's hopeful view. As the writer looks back on other years it seems that many students positively resisted knowledge. The idea was to get through the course and get a diploma with the minimum of study and effort. The most successful lad, in the eyes of inexperienced youth, was the boy who got through with the least work.

Today youngsters of the same age are somewhat more grown up in thought. There is less actual resistence to knowledge. But the best that can be said is that there is no worse than an attitude of indifference on the part of students, especially newer and younger ones. So it's up to the teacher to make the study interesting, fascinating, inspiring.

To make anybody WANT TO KNOW anything is a great task.

Just Folks

ROUTINE

Now comes old Dusty Routine back once more.
The laughter of the holidays is done,
The same old tasks await us as before.
Each morning sees the same old grind begun.

The petty, trifling duties of routine
Wherein no splendors lie are all about,
The irksome taks to keep one's corners clean,
These are the things which fret and wear us out.

Yet who would climb the hills must brave the dust.
Who would succeed must conquer little cares
And do with splendid courage what he must.
Success is being big in small affairs.

The heroes of the world I think are those
Who see the purpose of the commonplace,
Who dig the ground to win the summer rose,
And sweep the rooms to touch the home with grace.

Ere glory is achieved or splendor seen,
Ere fame or wealth or any joy can be,
All men must tread the mill of dull Routine
And walk long miles with grim Monotony.

State Chamber Of Commerce To Have Convention

The ninth annual convention of the Pennsylvania State Chamber of Commerce will be held in Harrisburg Wednesday, Jan. 25, at the Penn-Harris hotel. Governor John S. Fisher and Auditor General Edward Martin will address the convention as representatives of the state government.

With the thought that the state is the unit which affects to a greater degree the everyday life of the people and businesses than either the national or local government, this convention program has been planned. Alba B. Johnson, president of the State Chamber of Commerce will open the convention with a review of Pennsylvania's position as an industrial state. Other speakers include Charles G. Graham of Pittsburgh, Harry S. Knight of Sunbury, Robert S. Binkard of New York and Dr. F. L. Olsen of Pittsburgh. Judge F. P. Schoonmaker of the western district, United States court, will be toastmaster at the banquet held in connection with the convention.

ANCIENT CHURCH REVEALED.

What is believed to be the remains of a round church of the Knights Templars of Hospitallers has been revealed by the demolition of a Seventeenth century chapel at Hereford, England.

Westfield Grange Special Program

On Monday Night Idea Of Penn State Grange Will Be Followed

Westfield Grange, North Beaver township is making a special effort for the present year in the matter of programs and attendance and on Monday January 23 the program to be carried out is one suggested by Penn State Grange which is made up of students of Penn State College representing meny of the subordinate granges of the state.

The subject for the evening is 'Rural Electrification" and the idea is carried out in a very interesting manner throughout the program.

The program to be presented follows. Special music, tableaux by members of the grange, showing the methods of lighting from primitive times until the present day ,with one part entitled "Ask Me Another" in which some of the most important questions of the day are answered; reading, "Waiting For Electricity," Robert Byler; general discussion; song, Let the Lower Lights be Burning; light lunch.

The data concerning the tableaux was furnished by John M. McKee, secretary of the joint committee on Rural Electrification at Harrisburg, Pa.

Those taking part in the tableaux will be Bertha and Ella Shiderly, Elsie Grieder, Mary and Velma Fullerton, Helen Miller, Lucile Robinson, Helen McCurley, Agnes Byler, Dale McCurley and Robert Byler.

Because of the fact that this is the beginning of the new year an effort is being made by the grange to increase its percentage of attendance. It is urged that there will always be plenty of entertainers if there are plenty of listeners. The grange meets twice a month. There were around 80 in attendance at the last meeting and it is hoped to increase this at the next meeting.

Contempt Case Against Tom Mix

(International News Service)

LOS ANGELES, Cal., Jan. 20.—Contempt proceedings against Tom Mix, film cowboy, were at an end here today, following admission on the part of the actor's attorneys that he is able to pay $1,500 a month for the support of his daughter, Ruth. The contempt citation was ordered on charges that Mix had refused to answer questions in a deposition taken in connection with a court action brought by his former wife, Mrs. Olive Stokes Mix, seeking to increase the monthly allowance for the daughter from $50 to $1,500 a month. The case will come to trial next Thursday.

Close First Semester At Grove City High

Mid-Year Examinations Are Under Way—News Notes Of Grove City

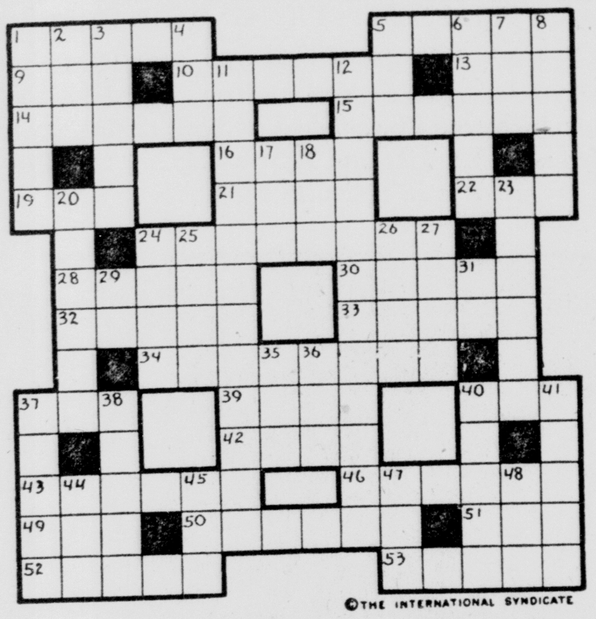

GROVE CITY, Jan. 20.—Mid-year examinations, marking the close of the first semester of school work will be held in the local high school next week according to the announcement from the school authorities. The first semester has seen one of the largest enrollments in the nistory of the instiution and the number will remain practically the same for the later half of the year. All outside activities will be checked for the week until the examinations have been completed.

Directors of the Grove City creamery were elected this week at the annual meeting of the stockholders of the organization at the local office. Directors elected for the year of 1928 are as follows: R. M. Montgomery, L. E. McKay, C. C. Harshaw, O. L. Gilmore and E. B. Harshaw. The absence of these directors necessitated the postponement of the organization meeting until later in the week

Miss Pauline Daubenspeck a local girl was elected secretary to Dr. C. H. Williamson, pastor of the First Presbyterian church at a business meeting of the session held in the church this week. Miss Daubenspeck who has been secretary to Prof. H. O. White registrar of Grove City college for several years will not assume her new duties until the end of the first semester of school work in the college or near the middle of February.

Miss Martha Robinson, missionary to Algiers, North Africa who is spending her furlough with her parents here in Grove City will speak at the meeting of the Women's Foreign Missionary society of the Grace M. E. church this afternoon. Miss Robinson will entertain the ladies of the church with a talk on the life in Africa and her many experiences while carrying cut her work there. She has been home only a few weeks.

PETER'S ADVENTURES in ANIMAL LAND

BY MRS. FLORENCE SMITH VINCENT

FAITHFUL NIGHT WATCHMAN.

Cutworms! Peter became greatly interested at once.

"Did you say you ate cutworms Screech Owl? Are those the worms that dig down under the surface of the ground and nibble at the roots of the plants until they kill them? Why I remember how angry father was last summer when he went out into his garden one morning and found a lot of our nicest strawberry plants wilted and dying The plants had been as fresh and as fine as could be only the night before."

"Right-o!" exclaimed Screech Owl, blinking his big eyes. 'Those are the miserable worms I mean. They are little sneaks; even the other crawlers themselves admit that. They do all their harmful work at night, destroying vegetables and fruit plants while most of the world is sleeping and

IT DOESN'T TAKE LONG TO STOP THEM I CAN TELL YOU

don't know it. We owls can see best at night and we catch them at their naughty tricks and it doesn't take long to stop them I can tell you. One gobble and a cut worm never nibbles another root. I'll bet that you never knew that we Owls are night watchmen, now did you?"

"I never did, Screech Owl" declared Pater, "What do you watch?"

"The fruit trees, of course" answered the other solemnly. "There is nothing in all the world that we Owls do love as we do trees particularly fruit rees and we would give our lives to protect the orchards. And who do you suppose does the most harm to the orchards?"

"Caterpillers," cried Peter promptly.

"Nonsense" declared Screech Owl scornfully. "Not at all. Of course the caterpillars are destructive—they do stuff themselves with the leaves and with the leaves all gone of course the trees can't breathe. Leaves are the lungs of the trees, you know and caterpillars certainly do have a nasty habit of laying their eggs in the tiny apples but for all that they do not do as much damage to the trees as would the rabbits and mice if we would let them. But we Owls keep a constant watch upon these little beasts of the field and whenever we find a rabbit or a mouse eating the bark of a young tree we swoop down upon nim and—well he wishes he hadn't ben there that's all."

"I am so glad that you have told me all this Screech Owl" said the boy. "Do you know I always thought Owls were enemies of Humans but if what you tell me is true you are our friends. You help take care of the trees and the plants."

"Of course we do," declared Screech Owl. "And for that very reason I never could understand why the farmer should make such a fuss about our stealing an occasional chicken or two.

"What would the farmer do without us, I'd like to know and yet only the other afternoon I saw a great Two Legs run out of his hole with a stick in his hand and point it at a relative of mine—Barn Owl it was. Bang! Bang! went the stick and down fell poor Uncle Barn Owl. He didn't get up again either although I did see him flapping about on the ground trying hard to take to his wings. And Barn Owl was such a fine rat catcher too. I hope that the rats eat up all that hateful old Two Legs' food I do indeed."

Champion Accident Man Dead, But Not Result Of Accident

(International News Service)

HAGERSTOWN, Md., Jan. 20.—Maryland's "champion accident man" is dead at his home in Frederick—and his death was not the result of an accident.

Lawson A. Dubel lived to the age of 72, but in those years his life was just one accident after another—so many, in fact that the doctors of historic "Fredericktown" looked upon him as a "regular customer." A list of accidents, compiled by his family, following his death today, does not include "minor accidents," Dubel passed them over with a smile. But the others, well read the list and consider yourself lucky; Dubel's misfortunes began at the age of nine.

Arm broken when a heavy bar fell upon it.

Nearly severed his right hand while cutting wood.

START ACTUAL WORK ON NEW AIRPORT

OIL CITY, Pa., Jan. 20.—Actual work on the field recently purchased for Oil City's new airport, was started yesterday with a good sized force of men at work.

It is also planned to build a road to the field and to make it one of the finest airports in western Pennsylvania.

Swimming Classes Are To Be Resumed

This afternoon at 4:30 o'clock beginners' swimming classes will again be resumed, asserts Henry McNichols, assistant to the physical director at the Y. M. C. A.

Before the Christmas vacation the classes were held with a great deal of success, says Mr. McNichols, and indications point to the fact that even more boys will learn to swim before summer. A bronze medal is given to the boys when they swim the length of the Y. pool.

Classes are to be held each Friday evening at 4:30, under the direction of Mr. McNichols.

Today's Recipes.

Buckwheat Pancakes—One and one half cups buckwheat flour, one-half cup wheat flour, five teaspoons baking powder, one-half teaspoon salt, one tablespoon shortening, one tablespoon molasses, two cups milk. Sift dry ingredients together. Add melted shortening to milk and molasses, then add slowly to dry ingredients. Beat well and bake on slightly greased hot griddle until done.

Swiss Beef Liver and Onions—Four slices beef liver, six slices bacon, three medium sized onions, three tablespoons flour, salt and pepper. Fry out bacon slices and remove from skillet. These make sandwiches for supper. Brown onions, sliced and also remove from skillet. Roll slices of liver in fuor and brown on both sides. Transfer to casserole and arrange in layers with onions. Season to taste. Cover with gravy made of three tablespoons flour and two cups water. Bake in moderate oven for about an hour.

Spice Rocks—One-half cup shortening, one cup sugar, two eggs, one cup chopped walnuts, one cup chopped dates or raisins, one teaspoon soda, one-fourth cup hot water, one and one-half cups flour, one-half teaspoon cloves, one-half teaspoon allspice, one-fourth teaspoon ginger, one-fourth teaspoon salt, one teaspoon cinnamon, one teaspon nutmeg. Cream shortening, add sugar and eggs well beaten. Add dry ingredients, then soda dissolved in hot water. Last put in fruits and nuts. Drop from teaspoon onto cooky sheets and bake in a very moderate oven for 12 minutes. Makes five dozen.

Judge Joseph R. Churchill, 86 years old, and who has presided over the same court in Boston for 57 years, is believed to be the oldest judge in the world, both in age and in point of service.

Publisher Is Threatened By Former Employe

Newspaper Publisher Of Lynn, Massachusetts, And Family Are Threatened

(International News Service)

LYNN, Mass., Jan. 20.—Frederick W. Enwright, newspaper publisher, of Lynn and Boston, and his wife and nineteen-year-old daughter, were under police guard today as the result of a kidnaping complaint Enwright lodged with local police.

Kidnaped by a band of thugs led by a newspaper columnist formerly employed by him, the publisher said he was driven to a lonely camp in Nahant, was told he was to be killed for $25,000 and his body thrown into the harbor but was released after agreeing to pay $1,000 for his life.

Frederick R. Dutton, 25, of this city, chauffeur for Enwright was arrested on five serious charges.

Search was begun by police for the columnist and two other men known as "Cannonball" and "The Snake."

Enwright said that he had been threatened before by the columnist, the latter declaring that Enwright owed him money for his newspaper work.

Son Of Famous Grid Coach Reported As Missing Is Seen In Vermont Town

(International News Service)

WHITE RIVER JUNCTION, Vt., Jan. 20.—While search was made in many towns and cities, Hugo Bezdek, Jr., missing Dartmouth freshman and son of the football coach of Pennsylvania State College, visited here, according to reliable reports today. It was said he attempted yesterday to get in touch with President Ernest M. Hopkins of Dartmouth, and E. Gordon Hill dean of the freshman class, both these attempts proved futile, for neither was at home. Young Bezdek, who was identified by employes of a local lunchroom, several of whom said they knew him well, then boarded a train for New York.

BEWARE THE COUGH OR COLD THAT HANGS ON

Persistent coughs and colds lead to serious trouble. You can stop them now with Creomulsion, an emulsified creosote that is pleasant to take. Creomulsion is a new medical discovery with two-fold action; it soothes and heals the inflamed membranes and inhibits germ growth.

Of all known drugs, creosote is recognized by high medical authorities as one of the greatest healing agencies for persistent coughs and colds and other forms of throat troubles. Creomulsion contains, in addition to creosote, other healing elements which soothe and heal the infected membranes and stop the irritation and inflammation, while the creosote goes on to the stomach, is absorbed into the blood, attacks the seat of the trouble and checks the growth of the germs.

Creomulsion is guaranteed satisfactory in the treatment of persistent coughs and colds, bronchial asthma, bronchitis and other forms of respiratory diseases, and is excellent for building up the system after colds or flu. Money refunded if any cough or cold is not relieved after taking according to directions. Ask your druggist. (adv.)

Rev. Whilding In Charge Of Meeting

The Subject Of Prayer Is Discussed At Union Services Of South Side Churches

The fourth night of the second week of the union prayer services was held last night in the First Congregational church. Rev. S. Whilding was in charge of the service. There has been a constant spirit of unity during the whole series of meetings; this was again manifested in last night's service.

The service opened in the spirit of song. Rev. H. J. Buckingham of the Primitive Methodist church opened the service with prayer. Rev. S. Whilding brought out the thought of our belief in prayer. He said in part: "The prayer meeting is the center of good works. It makes good people. The work of the Holy Spirit is to reveal a sense of our duty towards Almighty God." He then referred to Elisha and his servant. The servant could see nothing but the host of Assyrians; Elisha prayed that God might open his eyes. The servant then realized the change in the scene before him. This was a direct answer to the prophet's prayer for the young man. The preacher's sermon is not a power of itself, but must be backed by the prayers of the people. This will result in the outside world being reached with the gospel message.

The congregation sang in Welsh as well as English. Some prayed in English, others in Welsh. The spirit is working in the services and much good is coming to the churches.

The service this evening will be held in the Primitive Methodist church, Rev. H. J. Buckingham in charge.

PRISONERS TAKEN TO WORKHOUSE

Gloria Turner and Pearl Dondo, alleged drug addicts and Nick Gibbs, convicted on a liquor charge were taken to the Allegheny county workhouse this morning by Sheriff and Mrs. H. M. Reynolds, Gloria Turner is to serve 18 months and Pearl Dondo eight months. Gibbs was sentenced for one year.

Declares Most Folks Cause Their Own Phone Troubles

How people cause their own telephone trouble was explained this morning by John Rankin Dunfee, city manager of the Bell Telephone company, and Frank Curtis, senior central office manager.

"Most people," declares Mr. Dunfee, "cause their own trouble, and most trouble comes from the habit of leaving their receiver off of the hook. In many cases, the telephone is kept on a stand with books and, when hanging up the receiver, it catches on the edge of one of the books or magazines and leaves the connection unbroken. This, in turn, causes the whole line, if it is a party line, to go out.

"Then, the same people hear a buzz and they wonder what it is, finally finding that it is the telephone receiver. The trouble man at the office is merely calling the party's attention to the fact that the telephone receiver is down.

"But again, people are loath to accept the blame for negligence. They always blame the other persons on the line.

"Another thing that causes telephone trouble is the fact that some phones are placed in kitchens or places where there is much steam. In time, water permeates the cords, and a short circuit results. Again, another great cause of trouble is a twisted cord. These cords are composed of fine wires, and gradually all of them are broken. Then people wonder why they cannot get the central office. If folks would be more careful and not let the cords be twisted, much trouble could be eliminated.

"Again, the telephone is like a typewriter: it is made to be set flat on a table, and not to be held at angles. When the instrument is held at an angle the carbon granules in the transmitter often cake, and as a result, connections are disturbed.

"And, the way that people talk into the transmitter is the cause of most wrong numbers. Many persons hold the phone too far away from their mouths and speech becomes jumbled. The ideal distance is about one-half inch from the transmitter. Speaking with a cigar, cigarette or chewing gum in the mouth also makes for indistinct speech."

"What was your stand on the subject of evolution?"

"I was neutral," answered Senator Sorghum. "The monkey has his side of the story, but he hasn't any votes."—Washington Star.

Duff New Head Of Woods Company

M. J. Donnelly Of New Castle Is Re-elected As Director In Company

PITTSBURGH, Jan. 20.—At the annual stockholders meeting of the Edward A. Woods company, general agent of the Equitable Life Assurance society, yesterday, William M. Duff was elected president and William J. Powell and Charles A. Woods were elected vice presidents. Duff succeeds the late Edward A. Woods, who died November 30. He has been associated with the agency since 1895 when he entered its employ as an office boy.

Following the agency's practice of rotating directorships, by which the office is passed among the veteran members of the organization, the following were elected directors: H. K. Beegle, E. E. Johnson, N. S. Wooldridge, W. E. Graham, Miss A. B. Concannon and John Wright, all of Pittsburgh; C. M. Hooker, Bradford; L. A. Spencer, Youngstown, O.; M. J. Donnelly, New Castle; O. P. Powell, Uniontown; T. P. Williams, Corry; F. G. Mardis, Johnston.

In Europe today 13 countries are ruled by monarchs, while 15 countries have presidents.

OUR JUNIOR CITIZENS

By Education Committee of Federation of Women's Clubs

JUNIOR FEDERATION OF GIRLS

The Junior Federation was organized June 21, 1927, with a group of 22 girls present. This organization was formed for the purpose of creating an organized group of girls, and of preparing them for the advanced clubs of the Federation. The officers elected for the year were:

President, Miss Helen Blaha.

Vice President, Miss Dorothy Devassie.

Secretary, Miss Elizabeth Hammond.

Treasurer, Miss Janet Weddell.

Press Reporter, Miss Esther Double.

These girls are carrying on the work with great ability. It has been found that the Junior Federation has some talented musicians and speakers, and very excellent programs are presented at each meeting.

At the meeting held July 5, Mrs. Roy Long gave a very interesting talk on "The History of the Federation," and also pointed out the main duties expected of a club in the Federation.

It was voted to dispense with a meeting during September and when activities started in October, the membership had increased to 40 girls. At this time the name "The Rosebud Chapter of the Junior Federation" was adopted.

On October 25 the girls gave a tureen dinner in the dining room of the Y. W. C. A. This was a successful event, and Mrs. Carl Wilson was a special guest. The rooms were beautifully decorated with orange and black in keeping with Hallowe'en. Mrs. Wilson gave a very interesting talk on "Organization," in which she enumerated the main functions and helps of an organization.

It is the hope of the leaders to take up some special line of interesting work during the winter.

Women In Turkestan Taking Advantage Of New Right To Vote

(International News Service)

ASKABAD, Turkestan, Jan. 20.—Women in the Mohammedan Caucasian provinces of the Soviet Union, who up to a few years ago were harem slaves of men, are gradually using their new-given privilege of political and economic equality with their former masters.

Two years ago only 50,000 women voted in the federal elections in Uzbekistan. This year 228,000 women voted, or 20 per cent of the total eligible feminine voters over 21 years of age. A year ago there were only 1,400 women members of city and town councils, now the number is 4,000.

In Turkmanistan where even now men not infrequently murder their wives for going out alone after dark or refusing to wear veils, there are 600 women members of town councils, an increase of 300 per cent over 1925. Everywhere the emancipation of the faminine sex is going on, and the Soviet regime has won the support of hundreds of thousands of former enslaved women who were sold in marriage for a couple of camels.

"Baldy" McGrath On Freshman Team At Ann Arbor, Michigan

New Castle High Basketball Star Chosen From Among 135 Candidates

Walter McGrath, known as "Baldy" to basketball fans for whom he showed some good basketball on the New Castle high team last year, has been chosen for the position of center on the freshman team of the University of Michigan at Ann Arbor, Mich.

The freshman squad was chosen from 135 candidates and McGrath is matching his ability with another freshman by the name of Dougal for the position of center. A clipping from a Michigan paper states that McGrath "has considerable natural ability and shows promise of developing into a valuable player."

The 135 candidates have been reduced to a squad of 24 men and Coach Ray Fisher has a lightweight team and in general inferior to that of other seasons, according to reports. But he expects to show before the season is over a team of real worth from which champion men may be picked for the varsity of the university next year. A number of practice games have been arranged, but much time will be spent in drill on the fundamentals.

We all feel proud of the start that "Baldy" has made in college basketball and feel sure that before his university work is over he will show some real basketball talent. His being chosen on the freshman squad also evidences a record of scholarship for no freshman is given a chance on the squad unless his grades are all in the best shape.

Fire In Basement Of Newspaper Office In State Capital Fails To Disrupt Work

(International News Service)

HARRISBURG, Jan. 20.—Dense clouds of smoke, issuing from the basement and press rooms of the Patriot-News building here early today failed to suspend activities of the Evening News and the International News Service, which occupy the building.

International News Service staff members, unaware that a fire was raging below their offices, complained to the building custodian because the rooms were unheated on the third floor.

Damage to the building was slight.

LONDON, Jan. 20.—Radio messages sent around the world today by the "beam" system may be picked up fifty or one hundred years hence.

Radio messages sent out from the Marconi beam stations at present circumvent the world in just a quarter of a minute, and the suggestion is made that these messages, distributed at enourmous power as they are, must travel round and round the earth possibly billions of times before they become exhausted.

Thus it is that some radio fan of the future, "listening-in" on his sensitive multi-wave set, may hear the voice of person long since dead coming over the ether.

Messages Never Lost

"Beam messages are never lost," an official of the Marconi Company said in discussing this theory. "So far as we can say at the moment they go on forever, of course getting fainter as the time goes by. We have actually trapped a message which we have sent out on its third circuit around the world.

"If radio continues to develop at its present rate it is not too much to say that 100 years hence people will be able to pick up messages we are transmitting today.

Imagine what that means. Real voices from the grave on many famous men who in the ordinary course of Nature cannot expect to be alive 100 or even fifty years from now.

"Their voices are still wandering in the ether waiting to be picked up by a sufficiently sensitive instrument."

There is virtually no limit to the powerful beam wave. Sometimes it travels round the world three times—75,000 miles—in three-seventh of a second, according to the Marconi experts.

There is no wastage in the system, the same masts serving for distribution to North and South America, India, South Africa, or Australia. Radio beams follow certain defined tracks round the earth, and New York and Cairo are on the same circle for instance.

May Words Sold

The extraordinary advance in radio telegraphy which has hardly yet been realized by the layman, in the opinion of Marconi's. The short beam wave requires much less power than the long wave transmission. Facsimile transmission is possible over any distance, while telephony has been proved to be feasibly in tests.

Nearly thirty-nine million words a year are now being sent over the various systems at speeds of anything up to 200 words per minute. The introduction of the system had led to greatly increased staffs, who have to be specially trained.

A side light on the success of the system is that at recent shareholders meetings, the various cable companies have reported revenues owing to the severe competition now being offered. Proposals are afoot that some system of coordination be adopted, but at the moment they are little more than suggestions.

Only Italian Tombs In Tyrol Graveyards

(International News Service)

VIENNA, Jan. 20.—"Italianization" of the South Tyrol has now been extended to the dead. According to an order issued by the Italian prefect of Bozen, dead Germans buried in the cemetery must change their nationality to Italian. The prefect ordered that all German inscriptions on gravestones shall be removed and replaced by Italian epitaphs.

The perfect's action followed his receipt of the following letter from Turati, general secretary of the Fascist party; "South Tyrol, this former Austrian territory which owing to the Peace Treaties became a part of the Italian kingdom, must be Italianized in its past as well as in its future."

Austrian relatives of the South Tyrolean dead demand that the League of Nations force the Bozen prefect to rescind his order.

HIGH TAXATION BRINGS BRITAIN FINANCIAL RUIN

(International News Service)

LONDON, Jan. 20.—Staggered by the load of too high taxation, with 1928's arrival Britain is gradually sinking into financial ruin. This is the opinion of Reginald McKenna, former Chancellor of the Exchequer.

Low British production, capital flowing out of the country, and foreign trade barriers too big for Britain to combat are all, says Mr. McKenna, spelling Britian's doom. And these problems, he says exist because of the necessity, therefore, of high taxation.

The total income of Englands productive business organizations was much lower during the past year than the income of the unproductive industries. Five billion dollars, says Mr. McKenna, represents the income of England's non-producers. The combined incomes of her professions, employments and productive business hardly equals that sum.

Capital Leaves

Trade with America illustrates the flow of capital away from Britian. The British bought during the past year a billion and a quarter dollars of American goods. America bought about one-fifth of that amount of British goods. Britain also made a large payment on her war debt to America.

The claim is that Britain's lack of production makes it necessary for her to keep buying other nations' goods. This means capital flowing out of the country, financiers see the possibility for reestablishing British industry becoming less and less.

Britain dare not raise her tariff for protection. She depends on the incoming goods for her very livelihood; for her own resources at the present production-rate fall far short of supplying the nation.

Workers Burdened

Her workers burdened by their high faxes cannot hope, it is pointed out, to produce goods cheaply enough to sell them in foreign markets. Before the British goods get to the foreign buyer there is a tariff duty on the goods which makes their price prohibitive.

This combination of fiendish forces, says Mr. Mckenna, is working for Britain's financial ruin. And there is only one way Britain has to combat them:

He points, to a system of "National credit" which will put capital into the hands of incipient business enterprises with no interest charge. The capital will be secured by first mortgages on the productive machinery it is to be invested in. And in that manner, what resources Britain has will be put to work in establishing her industries and putting her once more on the road to financial prosperity.

FIND WHY CITY KEEP THE FINES

JOHNSTOWN, Pa., Jan. 29.—Auditors of the State Highway Department were here today for a check-up of motor law violations in which the state is to receive the fine.

For the last two years there were no violations recorded on the city dockets where the fine has been turned over to the state.

All violations of the auto laws have been listed as "disorderly conduct" and the city kept the fines.

Unknown Poilu To Be No Press Agent For Paris Styles

(International News Service)

PARIS, Jan. 20.—France's "Unknown Soldier" who reposes under the Arch of Triumph, will sleep in peace from now on, thanks to the efforts of the Perfect of Police, Monsieur Chiappe.

For some time, French patriotic organizations have been protesting against the use of this tomb as a means of securing free publicity for politicians, movie stars, prize-fighters, France's Queen of the Queens" etc.

"All of these personalities who come to salute the Unknown soldier," says Maurice Prax in 'Le Petit Parisien,' do so with piety and respectful feeling, there is no doubt about that. Even the pretty American aviatrice who went there to lay flowers on before appearing in the music-hall, must have experienced a sad feeling.

"Only, there were too many curious onlookers about the star and too many kodaks photographing her Parisian toilette."

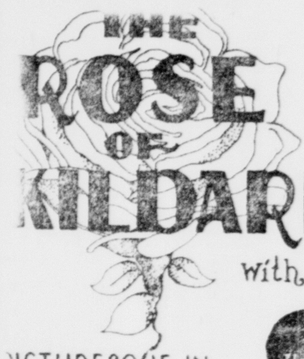

Rules given out by the Prefect say that everybody who behaves himself properly will have access to the tomb and the best manner of paying tribute to the allied dead is by respectful silence. Floral emblems are welcome, but there must be no suggestion of self-advertisement in the inscriptions which accompany them.

Persons may come singly or in small groups, but the making of speeches, the holding of parades and the playing of any kind of music is prohibited.

Home is a woman's sympathy, surrounded by four walls.

Plans Complete For Rally Here

Holy Name Society Rally In New Castle On Sunday Night

REV. J. DUDLEY NEE SOCIETY DIRECTOR

REV. J. DUDLEY NEE

Plans for the initial Holy Name rally in the New Castle district are rapidly nearing completion, and indications of a capacity attendance are evidenced by the reports of the committee in charge. The Rev. J. Dudley Nee, assistant pastor of St. Mary church, is the director of the Holy Name Societies for this district, having been appointed to this work by the Rt. Rev. Hugh C. Boyle, bishop of Pittsburgh. The district under the supervision of Father Nee includes New Castle, Ellwood City, Beaver Falls, Wampum, West Pittsburgh, Bessemer, Hillsville and Cannelton, all of which will send delegates to the rally at the Penn theater on Sunday evening.

Bishop Boyle, the Rev. James M. Delaney, the diocesan director of Holy Name Societies, and Joseph A. Beck, Esq., the president of all the Holy Name Societies in the Pittsburgh diocese, will deliver the addresses. Dr. John A. Meehan is the district chairman and John M. Higgin will be chairman of the rally.

The purpose of the rally is to enkindle interest in Holy Name work. A Holy Name Society is a group of Catholic men banded together to maintain and increase man's faith in the divinity of the Savior. The best means to attain this end has been found to be the promotion of respect for His name.

Wampum Woman Is Seriously Wounded; Shooter In Custody

Claimed That Woman Met Man In McKeesport In Response To Telephone Call

Pearl Hosty, colored, aged 21, of Wampum, was shot in the abdomen at McKeesport, Pa., and her assailant, Harry Jones, aged 18, negro, of Liberty Way, Port Vue, was shot and slightly wounded when he made an unsuccessful attempt to escape from police who were called to the scene of the shooting.

"How would you like to die; with your back to me or facing me," is alleged to have been the remark made by Jones to the woman early yesterday as she started to leave a room in 907 Brick alley, McKeesport.

As the woman turned around, Jones is alleged to have fired three shots from a revolver, one of which struck her in the abdomen.

McKeesport police reached the house before Jones had left. They found him with the revolver still in his hand, they say, and fought with him for possession of it. He escaped and while running in Brick alley Patrolman William Corcoran brought him down with a bullet. He was treated at the McKeesport hospital, but his wound was reported as not serious and he was taken to the McKeesport jail where is is being held to await the result of the woman's injury. She is reported in a critical condition in the McKeesport hospital.

The cause of the shooting was not determined, but police say Jones telephoned the Hosty woman, who was in Wampum, to meet him in McKeesport and took her to the house in Brick alley.

Poison Victims Will Be Buried At Steubenville

Cleveland Family Victims Of Poison Will Be Buried In Former Home Town

(International News Service)

STEUBENVILLE, Ohio, Jan. 20.—A single funeral service in a funeral home here will be held tomorrow for James Potter, former millionaire banker and real estate dealer, his wife and two sons, who died in Cleveland from poison, said to have been administered by the father. The bodies will be brought here late today.

The family died an hour after the father had been informed he had been indicted by a grand jury for obtaining money under false pretense, in connection with a home-building scheme. Potter had just talked with his attorney over the telephone, and had been informed he would have to answer to the indictment.

The Potters were prominent in the social and church life here for years. Potter had first amassed a fortune as an oil operator, but lost his money in coal.

The family left here after unsuccessfully attempting to recoup the lost fortune by contracting to build homes. They went to Cleveland where they ran a rooming house.

Cincinnati has unanimously voted to issue $200,000 bonds for the enlargement and improvement of its airport.

Liver Makes Old Folks Feel Younger

The scientists have been busy again and now comes a marvelous discovery—

Beef Livers are full of vitalizing Vitamines—just the kind of vitamines that turn thin, watery blood into rich red blood in such a short space of time that even physicians are astonished.

Some physicians call these wonderful vitamines the "Mysterious Substance" but whatever the name, they do put red blood, strength, vigor and vitality into weak, wornout, thin blooded people.

You can get the benefit of these vitamines by eating liver, but that process is too slow for the average ambitious American.

So now scientists are extracting these vitamines or "mysterious substance" from fresh beefs liver and putting them up in the form of an elixir called "Hemo-Liver."

While thousands of people of all ages are restoring their health with Hemo-Liver old folks find that it is just what they need to make them feel younger.

They can't grow younger in years but they can grow younger in spirit and that is just what thousands of the thinking ones are doing.

Why not get a big bottle of Hemo-Liver today—eight days treatment—and if after you have taken one bottle you don't say Hemo-Liver is the greatest health builder you ever heard of—get your money back.

Not a patent medicine; mind you—but the "Mysterious Substance" or vitamines extracted from fresh beefs liver.

Many Farmers At State Farm Show

Lawrence County Visitors Will Return From Harrisburg Today

A larger crowd than ever before attended an agricultural show in Pennsylvania was reported by J. Audley Boak, who returned from the Pennsylvania state farm products show this morning. Mr. Boak also reports that there was a larger percentage of rural men and women in attendance than ever before.

Most of the people of Lawrence county, who attended the show will return home today, it is stated at the office of the farm extension bureau on Croton avenue.

While the report of the Lawrence county exhibit in the wool show has been received, no word has come of the apple exhibit, which is thought to be in line for a prize, nor the exhibit of a bushel of potatoes by A. J. McCalla, Lawrence county's member of the 400-Bushel Club.

PRATHER JOINS LAW FIRM WITH HUMES

Judge Thomas J. Prather of Meadville, Pa., who left the bench of Crawford county on January 1, after twenty years of service has decided to locate in Pittsburgh, according to an announcement made today.

The ex-judge has become the law partner of Major E. Lowry Humes, who is also a Meadville man, and who was United States District Attorney in the Wilson regime. The new firm of Humes and Prather will be located in the First National Bank Building of Pittsburgh, Pa. Judge Prather conducted many courts in this county during his judicial service and has a host of friends here.

X-RAY PROVES MONA LISA IS MASTER'S WORK

By ALICE LANGELIER
International News Service Staff Correspondent

PARIS, Jan. 20.—The world-famous Mona Lisa which every American rushes to see upon landing in Paris, has just been submitted to the X-ray and the ultra-violet ray and found wanting in no respect.

The celebrated da Vinci painting was the first of the nine thousand which will gradually go through a thorough examination by means of a new process of X-ray and microscopic photography. The object is a double one—to prove that they are genuie and also to have records on hand in case they are stolen.

Ever since the Mona Lisa turned up in a shabby garret room in Florence after it was stolen from the Louve Museum in Paris, many people have doubted its authenticity. Some found that the painting had taken on a darker tint; others thought her lips had grown rosier and still others thought the cracks were not genuine.

The recent tests show that the famous lady is just as she should be and that the pigments and cracks prove the artists created her about the year 1500. The photographs also revealed that there had not been any alteration in the painting other than by the masters hand, but that Leonardo da Vinci, himself had changed his conception many times, having worked over his picture at least four years. This accords with the fact that Francois I finally persuaded him to sell it for the huge sum of 12,000 pounds sterling!

Caps And Gowns Given To Seniors

Members of the first mid-year graduating class of the Senior High school, numbering fifty-three in all, received their caps and gowns for the baccalaureate and commencement exercises this afternoon.

Previous to the distribution of the graduation frocks the class met and rehearsed their part for the coming baccalaureate service, scheduled for Sunday evening, January 22, at 8:15 o'clock, in the Senior high auditorium.

Slow Progress On High School

Work on the addition to the Senior High school building on Lincoln avenue has been at a standstill for some time and according to F. L. Orth, principal of the school, the new part will not be ready for occupancy by the opening of the 1928-29 term of school next September, unless the work is speeded up considerably.

The Three Functions Of A Traffic Officer

By EARL J. REEDER
Supervising Engineer Public Safety Division, National Safety Council

Some people thing that the only function of a policeman is to catch law violators and take them before the courts. This conception falls down completely when applied to the traffic officer. The making of arrests for traffic violations constitutes but a small part of his contact with the general public.

We have been changing rapidly from horse to motor vehicle traffic. Many amendments of traffic ordinances and regulations have been passed in an attempt to keep them up to date. Many drivers and pedestrians do not know the regulations that are intended to govern their use of the streets, but there are good reasons for believing that the vast majority of the general public are willing and anxious to conform to traffic rules and regulations when they are properly understood and are seen to be fair and reasonable. There is, then a big job of instructing the general public in these matters.

The traffic officer must, first of all, be a traffic instructor. In the performance of his tasks he must call the attention of drivers and pedestrians to their improper practices, differentiating in his manner between the wilful violator and the person who is unfamiliar with the regulations, perhaps the stranger or the new resident. Many times each day he is confronted by opportunities to correct unintentional violators and convince them easily of the propriety of the regulations being violated. His prompt action here as an instructor may avert the necessity for more forceful action after the violator has come to believe that he can continue violations with impunity.

Then, in the complex traffic conditions that so commonly arise in congested districts the individual driver often finds himself perfectly helpless. Hopeless jams arise from which no one seems to be able to extricate himself successfully. Here the traffic officer is able to perform another function of his job that does not involve arrests. Not waiting for the hopeless jam to occur but taking a hand as soon as he sees any tendency in that direction, he is able to forestall many such emergencies from which individual drivers are unable to emerge successfully.

Keeping traffic lanes open, directing traffic away from blocks in which there is congestion, warning pedestrians against crossing with the red lights, and other similar acts of direction need his frequent attention. In rendering this service as a supervisor of traffic he must think for the multitude of drivers and pedestrians who are unable individually to cope with the various conditions in which they find themselves.

Some will not conform willingly to the will of the vast majority as expressed in ordinance and carried into effect through traffic control and regulation. Their wilful violations are inexcusable and they must be dealt with in accordance. The ordinance must be enforced and the traffic officer is the one whose job it is to bring the offender before the courts of justice. In this function as an enforcement officer he must be impartial.

To be a successful traffic officer one must be courteous, businesslike, and firm. His courtesy begets the respect of the persons whom he instructs. The businesslike nature of his traffic supervision inspires the confidence of those with whom he deals and convinces them that compliance with his directions will get them out of their difficulties most quickly. His firmness convinces those who would be wilful violators that he means what he says and that traffic rules and regulations are to be observed without special privilege.

Without these qualifications the traffic officer is seriously handicapped in his work. His job is one that requires some real preparation for it. He must be able to carry his responsibility. Nothing tends more to demoralize traffic than a group of officers who do not understand their jobs and who do not handle them in a firm and businesslike manner yet with sufficient courtesy to maintain the respect of the vast body of citizens who must to a large extent give themselves to the care of the traffic officer in their use of the streets.

Two New Teachers For Senior High

The opening of the second semester at the senior high school will find the number of teachers at that institution increased to 57 as a result of the election of two additional teachers to the school faculty by the board of education at a recent meeting.

The new teachers who will assume their duties at the Lincoln avenue institution on Monday, January 30, the opening day of the next semester, are Miss Jean Rummel and Harry McCracken. Miss Rummel will teach English while Mr. McCracken will instruct in history.

Election Fraud Cases Delayed

(International News Service)

PITTSBURGH, Jan. 20.—Trial of the election fraud cases, scheduled for this week but postponed because of the inability of the defense's chief counsel, Attorney Rody P. Marshall, to attend because of the press of affairs in other courts, may be delayed until the first week in February, the district attorney's office said today.

Five members of the election board in the tenth ward, accused of conspiracy, go on trial first.

Your Grocer Shops For A Friend

Perhaps it's news to you that the finest raisins no longer come from Spain. But your grocer knows. He gets your raisins from the west coast because they are far superior.

Constantly alert for changes in markets, improved quality, your grocer shops for you all over the world. He brings you the best of everything to please your particular taste.

And your grocer, shopping for you, his friend, gets plump loaves of Braun's Bread every day, fresh from the famous Braun ovens.

He knows that nowhere else in the world are finer ingredients blended with greater skill than in these appetizing loaves.

To Build Bridges In Mercer County

Immunization Of School Children Starts—To Build Perry Highway

(Special To The News)

MERCER, Pa., Jan. 20. — Two bridges that will cost an estimated sum of $40,000 were formally passed on by the January Grand Jury at their present session.

Both are located on the Perry Highway route out of Mercer and will be built during the coming summer it is anncunced by Commissioner Harry Hunter in whose department is this type of construction work.

One bridge is that located at the pump station spanning Neshannock Creek, the larger of the two estimated to cost $25,000; the other is that spanning Scollard's Run on the same road that will cost $15,000 estimated.

Two other bridges of smaller size located in Perry township washed out last fall in the freshet of the Little Shenango are also a part of the planned construction of the Commissioners for this year.

An additional $5,000 may be added for the cost of these structures.

Immunization treatment of the children of the Public Schools of Grove City is scheduled by Medical Director Dr. S. J. Dickey to take place next fall.

The treatment proposed is that given in the major portion of the schools of the county of three injections of serum that immunizes the patient from the disease.

Over 10,000 school children in this county have already been given this treament by Dr. Dickey.

For the remainder of the winter and spring months Dr. Dickey announces a full schedule of work in Mercer and Venango counties.

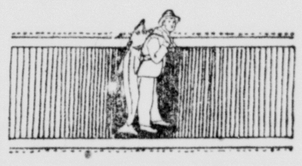

Work started today in the Farrell schools of making a test of the treatment given there. The test determines whether the child is immunized.

The State Highway Department is anxious to complete the new Perry Highway between Pittsburgh and Mercer during the coming summer it is made known here today.

Contracts for 20 miles of the route have been let and the contractors but wait the arrival of good weather to start work.

It is reported that the construction of the connecting links to these contracts will be urged for next summer that the route may be put in use.

Mercer council have passed an ordinance authorizing the paving of Erie street during the coming summer. The state pays for 18 feet of the width the property owners will pay for six on each side making it a 30 foot street.

Lesson No. 12

Question: Why should young children receive *emulsified cod-liver oil* regularly?

Answer: While milk is the child's best individual food, it is deficient in rickets-preventing vitamin.

That is why so many young children take emulsified cod-liver oil as in

SCOTT'S EMULSION

Traffic Density Varies Greatly

Wide range in traffic density in various parts of the country is shown by the spread of between 363 motor vehicles per mile of federal aid highways in the Middle Atlantic states to a ratio of 34 vehicles to a mile in the mountain states.

The American Automobile Association, declares Bernard N. Hanlon, mananger of the New Castle Motor Club, asserts that east of the Mississippi and north of the Ohio and Potomac rivers the average number of vehicles per mile of roads exceeds 200 while for the rest of the United States it is less than 100.

"This is a measure of the relative traffic requirements of the various regions," Mr. Hanlon points out, "and the percentages of high and low types of improvements are in accord with the requirements."

NOISY OYSTERS.

There is a lake near Batticaloa on the east coast of Ceylon famous for its singing fish. The music heard on the surface of the water is said to be caused by the opening and closing of the shelves of bivalves.

We can remember when you used to be able to tell whether the motor was running by watching the tail light shake?

Who Will Be Nominee? Why It's Hard To Tell

By CHARLES P. STEWART
Washington Correspondent for Central Press and New Castle News.

WASHINGTON, Jan. 20.—To pick the honest-to-goodness candidates for a presidential nomination is no snap.

The man with the sure-enough strength isn't so hard to spot.

But the others?—the field.

A few really are trying to win. The rest haven't an idea that they can. They're in the race solely to keep the track clear as possible for somebody else.

Which are which?

That's the puzzle. It's meant to fool the slickest politicians in the business. What wonder?—if it's difficult for the innocent bystander to figure out.

* * *

It's like this—

The "intrusts" which fix such things choose a nominee. In fact, they usually choose two—one on each side. However, in the present instance we're considering only one.

All right, the fixers decide on him. He's pretty popular but he has a formidable rival, especially in some section that it's important for the fixers' favorite to control—that is, to control ultimately; not necessarily on the first vote.

So the fixers put that section up into several sub-sections and their representatives go to a prominent individual in each one and say:

"Lookit! You must start a favorite son boom in your sub-section. See?"

* * *

This the sub-sectional prominent man, deeming the fixers' choice a better bet than the latter's rival—for the fixers' candidate almost always wins—does.

His sub-sectional cohorts, thinking maybe he actually stands a show and inspired by local pride and hope of political gravy, stand by him, and at the psychological moment he hands his "bloc" over, in good order, to the fixers' slate.

Of course, if it all goes well, he presently gets his reward.

For that matter, his faithful followers—even if they didn't know what it was all about—get their split, too.

* * *

A happy outcome, like the one described above, is assuming that the entire program goes through according to Hoyle.

There are slips sometimes.

Suppose a sub-sectional leader, once encouraged to launch a candidacy, nominally his own, discovers that he has more pulling-power than he'd thought, and decides to "go it alone"—to "run in earnest," as politicians say.

In such an eventuality the necessity arises to work the sub-sectional racket on him.

Thus the situation may become very complicated.

* * *

Rumors are afloat that sub-sectional insubordination is causing party managements considerable trouble now.

It's complained that several canidates, who ought to realize that they're for popular consumption only, are trying to be the genuine article, resulting in mixups which may turn out seriously.

Favorite sons frequently are very convenient in politics, but the bosses feel that a well-disciplined son should have sense enough to know that the mere fact of his favoritism doesn't necessarily justify him in laying claim to the title of son and heir.

IT TAKES ALL-BRAN TO RELIEVE CONSTIPATION

More and more people are eating bran for "health's sake" these days. And it's a fine thing. But not everybody realizes what a difference there is in so-called "brans." Doctors say it takes 100% bran to supply enough roughage to relieve constipation. Part-bran products, at best, can only be partly effective.

Kellogg's ALL-BRAN *is* 100% bran. It furnishes roughage in effective quantities—and in the most effective form: cooked and krumbled. It does a work part-bran products cannot hope to equal. Two tablespoonfuls daily—chronic cases, with every meal—are guaranteed to relieve constipation.

Serve ALL-BRAN often. With milk or cream—fruits or honey added. Be sure you get genuine Kellogg's though—in the red-and-green package. Use it in cooking. Sprinkle into soups. ALL-BRAN is sold by all grocers. Served everywhere. Made by Kellogg in Battle Creek.

Latest Odds Show Hoover Is Favored

(International News Service)

NEW YORK, Jan. 20.—Herbert Hoover stood today as the best bet of the Republican stables when the Wall street bookies posted the latest odds on the Presidential sweepstakes.

"Five to eight that Hoover is nominated" was the offer. Other entries on which wagers were booked by J. S. Fried and Company are: Coolidge at 1 to 4 1-2 for renomination; Dawes at 1 to 2 and Lowden at 1 to 2.

On the Democratic list Al Smith rules favorite at 7 to 5 that he will win the nomination, and 1 to 4 for election.

Widow Of Spanish War Veteran Here Granted Pension

By GEORGE H. MANNING
(Washington Correspondent of the News)

WASHINGTON, D. C., Jan. 20.—The Bureau of Pensions has notified Congressman J. Howard Swick of Beaver Falls that the claim of Mrs. Maud Kincaid of R. D. No. 9, New Castle, for a pension for herself and her minor daughter has been approved.

Mrs. Kincaid is the widow of James M. Kincaid, who served in Company B, Sixteenth Pennsylvania Infantry, during the Spanish-American War. The pension allowance, which is retroactive to July 9, 1927, is for $30 a month for the widow and $6 a month for her daughter.

Congressman Swick also introduced in the House of Representatives bills providing pension increases for Mrs. Mary O'Neil, 511 West North street, and Mrs. Annie E. McFarland, 502 County Line, both of New Castle. Both are widows of Civil War veterans. Mrs. O'Neil is the widow of Hugh O'Neil, late of Company F, Eighty-eighth Pennsylvania Volunteer Infantry, and Mrs. McFarland is the widow of Lewis McFarland, late of Company I, Sixteenth Pennsylvania Volunteer Cavalry. They are now receiving $30 monthly and passage of the bills would increase their pensions to $50. The bills have been referred to the committee on invalid pensions for consideration. In order for the increases to become available the bills must pass both the House and the Senate and be approved by the President.

Sore throat's easiest victims—reducing women!

Neglecting a cold or sore throat is dangerous business for anyone—doubly dangerous for reducing women weakened by strenuous exercises and "canary bird" diets.

For both colds and sore throats often lead to serious complications if not treated immediately.

Look upon throat irritation as a warning and at the first sign of it gargle repeatedly with Listerine, the safe antiseptic, used full strength.

If rapid improvement is not apparent, consult your physician.

Time and time again, however, Listerine has checked colds and sore throats before they had a chance to become serious.

Certainly, this pleasant precaution is worth taking during winter and early spring weather when grippe, "flu," and pneumonia are a constant threat. Lambert Pharmacal Co., St. Louis, Mo., U. S. A.

Malaria Germs Aid Victims Of Paresis

(International News Service)

BINGHAMPTON, N. Y., Jan. 20.—More than one third of the patients suffering from paresis at the Binghamton State hospital have been so improved by ths injection of malaria germs into their blood that that they have been permitted to leave for their homes according to Dr. Edward Gillispie assistant superintendent of the hospital.

An improvement in one half of the patients suffering from this disease which is caused by blood infection, has been noted, leaving about one-third of the entire number unimproved by the treatment. About 14 per cent of the admissions are suffering from paresis, Dr. Gillispie said.

While unusual results are being obtained by the treatment authorities do not claim it as a cure but have found that it creates a favorable response in the majority of cases under treatment.

There are said to be no fewer than 16,837 different ways of making a living in England, as shown in a government publication dealing with occupations.

ABANDONED AUTO FOUND BY POLICE

A Chevrolet coupe, without license plates and stuck in the mud at the intersection of Huron avenue and Vogan avenue, was taken in charge by the police Thursday. Officers Horner and Lynch being detailed to make the investigation concerning the car, when reported. A card was found in the machine which indjeted that it is the property of some man in Youngstown, O., employed at the Carnegie Steel Works in that city. It may be a stolen car. It was placed in a local garage pending the locating of the owner.

It's Easy to Lose Fat

Millions Are Telling About It

A great number of slender women are telling this story to others. They have done so for two decades. Now you see the resuks in every circle. Note how slenderness prevails. Excess fat is nowhere near as common as it was.

The story is this: "I took Marmola prescription tablets—four a day. No abnormal exercise or diet was required. New beauty came, new health and vitality. I ceased them when my weight came down to normal. Now I take Marmola only when I start to gain again."

Marmola contains a scientific discovery, based on wide research and thousands of experiments. Men thus found a substance which in the body turns food into fuel and energy, rather than into fat.

Marmola supplies that substance, plus other helps. The complete prescription is in every box, also the reasons for results. Thus you may know just why the good comes, and have no fear of harm.

Marmola has for 20 years brought priceless benefits to people over-fat. Those people have told the results to others, and the use has spread. Millions of boxes have been used to contribute to the slender figures of today.

Go try it for a little time and watch how the fat disappears. Then tell others about it, in kindness to your friends. It means a great deal to many. Go order before you forget it.

Marmola prescription tablets are sold by all druggists at $1 per box. If your druggist is out, he will get them at once from his jobber.

Europe And Asia Railroads Combine To Fight Airplanes

(International News Service)

MOSCOW, Jan. 20.—To meet the threat of airplane competition, 23 European and Asiatic nations have agreed upon the linking up of the longest continuous railroad line in the world. It will extend from the Atlantic and Mediterranean to the Pacific ocean, or more than one-third of the way around the globe, and will connect directly 11 world capitals. The longest stretch of the route runs through Russia and Siberia.

Starting from either Rome, Paris or London the new Siberian express contemplates landing passengers in 12 days with only one or two changes of cars to span the seas which separate London from the Continent and Japan from China.

The service is expected to start May 15, 1928 and the express is to run two or three times a week. The running time from Moscow to Vladivostok alone will be shortened from nine to seven days. The trip over the same route can be made today but only with frequent changes of cars and transferring of baggage.

Talk of a Moscow-Peking air line financed by American and German capital is believed to have been responsible for the recent international railroad conference which decided on the improved service.

New York Cops To Learn Courtesy And To Be "Gentlemen"

(International News Service)

NEW YORK Jan. 20.—Heretofore the big burly, busy New York policemen have been taught to shoot straight and swing a mean night stick, to the general neglect of Chesterfieldian manners. But that is all past now. Police Commissioner Warren has determined that the "boys" in blue must be perfect gentlemen of the Old School as well as efficient enforcers of the law. In the future they must not get unnecessarily rough and they must not use unseemly language—which may be hard on some members of the force.

It all started recently when Commissioner Warren, unobserved by the traffic policeman, heard the custodian of traffic hand out a summons to an automobile driver who had "taken a chance" on passing a traffic light. The language the traffic officer used, Commissioner Warren thought, was much too vigorous and blunt to be considered representative of his department.

Therefore an official polishing process has begun in New York's police department. Every traffic policeman in the city is to be taught courtesy—a sort of finishing school course guaranteed to pound into the dumbest flatfoot in "Hell's Kitchen" district an "old family" cordially and a chew-with-your-mouth-closed refinement. When the instructors finish with the traffic squad it is expected that they will serve tickets on motorists who have violated traffic regulations with a "Please accept this ticket, kind sir," apology. The "finishing classes" are being held in the rooms of the Police Academy and the men must attend the lectures during their time off duty.

Cosgrave Arrives At New York City

Irish Free State Leader In United States For Short Visit

(International News Service)

NEW YORK, Jan. 20.—William T. Cosgrave of the Irish Free State got his first glimpse of New York today. He arrived from Ireland on the liner Homeric. Because of stormy weather the liner was two days late.

A welcoming committee and a large group of supporters of the Irish Free State were to take President Cosgrave aboard the municipal steamer Macom for a tour of the harbor. He was to be officially received by Mayor Walker at the city hall just before noon.

President Cosgrave then will be taken in charge by a committee from Chicago and headed for the Illinois city at once.

In Chicago he is to have a series of receptions.

He will return to New York again on February 1.

The Daybook OF A New Yorker

BY BURTON RASCOE

Exclusive Central Press Dispatch to New Castle News.

NEW YORK, Jan. 20.—For a time it appeared that Gotham was to rival Florida this winter in climatic mildness. That happy dream alack-a-day gave to an extended spell of bitter weather which my own reddened ears as well as other signs proved. Among the other signs are the suspicious ankles of little boys in short pants. And I had thought that no modern youth ever abandoned summer underwear. Two such young men about seven or eight years old, I observed waiting for a train at the Mamaroneck station. Illustrating the simple tastes of children raised in the city proper, these two lads were unable to restrain their joy at the thought of riding on a train. And a sorry substitute these electric locomotives are for the old steam engines I can recall few greater pleasures than the thrill of hearing an old boiler puff and clang its way out of a station.

* * *

As one who has often thought bitter thoughts after missing the last train to the suburbs, I am always gratified to discover new evidence that the city is an evil place in which to live. A friend who lives in Greenwich Village has given up an apartment after occupying it for a month. After seeing the place I can understand why he left.

Entering the unlightened passage between two buildings one gropes or stumbles down a flight of steps to the rear where a door gives entrance to a ground apartment. The one room flat is finished somewhat like a ship's hold, having a built-in bunk and walls and ceilings of planks. There is a fireplace, seldom lit because of the dirt it makes. Such a place endured alone, would inevitably give a normal man delerium tremens, dementia praecox and the dread heebie-jeebies. My friend swears it's haunted, probably because a society of cats nightly congregate outside the door and wail like lost souls.

* * *

For some time it has puzzled me why the three tracks at the Times Square end of the Forty-second street shuttle are labeled 1, 3 and 4. Was there ever a track 2? If so where has it disappeared? Or was the omission of its number just a whimsical touch to an otherwise mathematically exact business? These and other questions concerning the mystery I feel shall be forever unanswered; like that gag about "where are the snows of yesteryear?"

* * *

A movie-goer familiar with the musical formulae that accompany the picture, I was startled by the baying note of one of those ancient English horns the other night. Being in Pennsylvania station I was disconcerted to find myself looking for a newsreel showing Long Island society on the first fox hunt of the season. Coming back to normal I investigated and found the source to be a gent expressly hired to so indicate the departure of the Broadway Limited. This is just another one of those toney touches which the railroads are trying to lure in more travelers.

Journalist Union In England Debates On Taking Lloyd George

(International News Service)

LONDON, Jan. 20.—The point at issue is whether David Lloyd George, former Prime Minister of Britain, not unknown in other circles, is eligible for membership of the National Union of Journalists in England.

Whether his ordinary qualifications are sufficient for election is a matter of doubt; but he has certainly scored a point in his own favor by admitting that, percuniarily, he has done very well out of journalism.

He says:-"Journalism has afforded me some compensations for the 'disappointment and expense' of politics. In four years of journalism I have made more money than in 16 years of office as Minister of the Crown and as Prime Minister."

Reckoning it up, one finds that Lloyd George received about $375,000 in salary during his term of office. If he has made an equal amount in four years from his newspaper work, this would mean that his income since 1923 has averaged $92,500 a year. Add to this the $10,000 he received yearly from the Carnegie Foundation, and it will be seen that the ex-premier is not so poverty-stricken after all.

Accordingly there is some prospect of a working newspaperman, so successful, being elected to the national Union of Journalists.

ROLLER SKATES AND SCOOTERS ARE BARRED

CONNELLSVILLE, Pa., Jan. 20.—Police today announced that use of roller skates, scooters and bicycles on the downtown streets was taboo, as a result of numerous complaints from motorists that many narrow escapes from accidents have occurred. Parents will be held responsible.

Ellwood City To Have Borough Manager; Decision Of Council At Special Meeting

Lowell W. Monroe Of Meadville Hired For Position, Taking Effect February 1

Will Have Charge Of Hiring And Firing All Borough Officials, Is Recommendation

ELLWOOD CITY, Jan. 20.—At a special meeting of the Ellwood City council last night in the city building, a decision was reached regarding the election of a borough manager for this city.

From several applications submitted, that of Lowell W. Monroe of Meadville was selected. Mr. Monroe has for several years been connected with the borough of Meadville in the capacity of assistant engineer, and will come here to take up his duties February 1. His salary will start at $275 per month, increasing to $300 at the termination of six months, if his work is satisfactory.

At the meeting last night members of council recommended that the borough manager have the authority to hire and fire all city employes and that he have supervision over all departments, including street department work and assistant engineer. How this move will affect the present personnel of the city cannot be determined.

The new manager will be present at the next meeting of council, which takes place the first Thursday in February, and will be officially greeted and will probably outline his plans for this city's welfare. While Mr. Monroe has had no actual experience in city managing, his years with the Meadville force have been valuable and he comes highly recommended.

Missionary Women Meet On Thursday

ELLWOOD CITY, Jan. 20.—Twenty five members of the Women's Missionary Society of the Baptist church had the pleasure of hearing Mr. F. Kurtz of India speak at the regular monthly meeting of the society on Thursday evening at the church.

Mr. Kurtz who is in this country on leave from India, gave a splendid talk on his field from the standpoint of "Illiteracy." Mrs. Schweitzer was in charge of the program, and Mrs. Schaffer, president, conducted the brief business meeting. Mr. Kurtz' speech came just at the time that the ladies were studying of India in the Mission Study Book.

At the close of the session, group captains conducted a short meeting in preparation of programs for the coming year.

Elks Third Party Is Successful

ELLWOOD CITY, Jan. 20.—The third of a series of card parties which took place Thursday evening in the Elks club house was attended by guests for ten tables of bridge and five of 500.

Score honors for bridge went to Mrs. A. L. Gregory, Mrs. Theodore Markwort, William Steele and Theodore Markwort. For 500 the score winners were Mrs. George Fosnaught, Mrs. James A. Fitzgerald, William McCarthy and George Fosnaught.

At the conclusion of the card games, dancing, music and a delicious lunch were enjoyed. The club plans to have another such party next month.

Good Attendance At Smoker Here

Men Hear Talk On "Credit Exchange" By Expert From The Sharon Chamber Of Commerce

ELLWOOD CITY, Jan. 20. — Mr. Mathews, of the Sharon Chamber of Commerce spoke to a fine representation of local business men, Thursday evening at the Chamber Merchants Division Smoker. At the conclusion of his talk an open discussion was conducted. T. C. Foley, affiliated with the Pittsburgh Chamber gave a talk and W. C. Martin, retiring president of the Division thanked the members for their cooperation during the past year, and in return received a vote of thanks.

New officers for the coming year were elected at last night's meeting as follows: President, A. E. Conner; Vice President, T. A. Daley.

Missionary Gives Talk At Meeting

ELLWOOD CITY Jan. 20—Twenty-five members of the Women's Missionary society of the Trinity Lutheran church met Thursday evening at the home of Mrs. Harry Keistling of Wurtemburg.

The topic of the evening was "The Way of the Cross" with Mrs. Clarence Wallace leading. Miss Whittaker had charge of the devotionals and Mrs. Harry Zeigler read an appropriate poem.

At the business meeting Mrs. Clarence Hollerman presided in the absence of the president. At next month's meeting Mrs. Oscar Dahl of Short street will be the hostess.

The pleasant meeting concluded with the serving of delicious refreshments by the hostess assisted by Mrs. Henry Eicholtz and Mrs. Oscar Dahl.

J. A. P. Club Has Official Election

ELLWOOD CITY, Jan. 20.—Members of the J. A. P. club met at the home of Mrs. Hillard Swick of Frisco Thursday evening. During the business session, the following officers were elected to serve the coming year:

President, Mrs. Fred Patton; treasurer, Miss Amy Dobson; secretary, Mrs. H. Schocks; sick committee, Mrs. Paul Walker and Mrs. Harry Bishop; entertainment committee, Mrs. Hillard Swick and Miss Fanny Dobson; and news, Mrs. Henry Wiley.

Later delicious refreshments were served by the hostess. In two weeks Mrs. Emery Neuman of the New Brighton road will entertain. Special guests present last night were: Mesdames Bloomer, Rutter and Shaffer.

District Governor Address Rotary

ELLWOOD CITY, Jan. 20.—Charles F. Uhl of Somerset and district governor representative of Rotary International, was the speaker at the weekly dinner-meeting of the local Rotary club at the Presbyterian church on Thursday evening.

The topic of Mr. Uhl's speech was, of course, along club lines and he revealed to the members that the Rotary International now boasts 2800 clubs, representing 41 countries. The last country to join this aggregation is Germany.

Music was furnished by group singing of the members, led by A. M. Stevenson, with Miss Humphrey at the piano. Ralph Bollinger of New Castle was a visitor.

Miss Hilma Dahl Is Club Hostess

ELLWOOD CITY, Jan. 20.—Miss Hilma Dahl entertained the members of her Bridge club Thursday evening at her home on Wayne avenue. Two tables were in play with high score honors going to Miss Isabel Morrison.

Later delicious refreshments were served by the hostess assisted by her sister Mrs. Harry Felton.

In two weeks the club will be entertained by Mrs. M. J. Tomasson. Members of the club are Misses Mary Rhoads, Margaret Bennet, Hilma Dahl, Isabel Morrison, L. Simpson, Laurena Thompson and Mrs. Tomason.

MRS. DAVID THOMAS IS CLUB HOSTESS

ELLWOOD CITY, Jan. 20.—Members of the Twilight Club met Thursday evening at the home of Mrs. David Thomas of Seventh street with all the members present.

Cards, bridge and music were the evening's diversions concluding with a delicious lunch served by the hostess. In two weeks the members will be the guests of Mrs. Robert Wilson at her home in Ewing Park.

Kiwanis Club Is Planning Valentine Party For Ladies

Hear Splendid Talk By Dr. Clyde Xander, Head Of Thiel College At Meeting

ELLWOOD CITY, Jan. 20.—At the regular weekly dinner meeting of the local Kiwanis Club Thursday evening in the Methodist church a committee comprising Mr. and Mrs. W. R. Smith, Mr. and Mrs. Frank Attinger and Prof. and Mrs. O. E. Bartel was appointed to engineer a valentine party for the club to give the wives and sweethearts on February 16.

The speaker of the evening was Dr. Clyde Xander, head of Thiel College, who gave a splendid discourse on "The Contributions of a Service Club". Dr. Xander was a member of the Freemont, Nebraska, club before moving to Greenville. Some of the strong points brought out in his talk were: that the civic clubs can and have accomplished more for their members than any other organization can, including the church. The clubs have created a feeling of service and understanding between communities. One accomplishment is that of rendering a great service to their members quietly, without any notoriety. The service of clubs international have carried on when Armistice Day stopped, in a great measure correcting the impression which foreign people have toward the average American.

Special guests present last night were P. W. Blocher and Rev. Robert Little.

Mrs. Jack Bretton Is Hostess At Bridge-Luncheon

ELLWOOD CITY, Jan. 20.—Mrs. Jack Bretton of Short street entertained the members of the Hebrew Ladies Social club and several special buests Thursday afternoon at a 1 o'clock bridge luncheon. Covers were laid for 28 at individual tables carryingout a pretty early spring color scheme of yellow and white.

The following hours were devoted to bridge with Mrs. Max Rinehart, Mrs. Leonard Silverblatt, Mrs. Lawrence Krause and Mrs. J. Shensen winning high score honors.

Aides to the hostess were Mrs. Ben Balter, Mrs. A. L. Kessler of McKeesport and Miss Helen Itskowitz of Butler.

Bridge Club Is Entertained By Valley Member

ELLWOOD CITY, Jan. 20.—Members of the Thursday Evening Bridge club were entertained last evening at the home of Miss Lillian Harvey in Beaver Falls.

Two tables were in play and high score honors went to Mrs. Fred Krauth and Dr. Painter. Decorations were carried out in pink roses, and the pleasant evening concluded with delicious refreshments served by the hostess. In two weeks Mrs. Frank Huffman of Ewing Park will entertain the club.

Mrs. Helling Is Club Hostess

ELLWOOD CITY, Jan. 20.—At one large table centered with sweet peas the members of the Original Bridge club were entertained by Mrs. H. E. Helling of Fifth street at a bridge luncheon. The service was of pink crystal, and appropriate place cards marked each guest's place.

The afternoon hours were devoted to bridge, with high score honors going to Mrs. C. M. Iseman and Mdm. Boganzlawsky. Mrs. Cleo Ferguson was also a special guest.

January 25, Mrs. R. C. Stiefel will entertain the club at her home on the Pittsburgh Circle.

Forty Attend Pythian Banquet

ELLWOOD CITY, Jan. 20—Forty members of the winning division of a recent membership contest in the Pythian Sisters, enjoyed a delicious banquet tendered by the losing team in the Pythian hall Thursday evening.

The table was decorated with potted plants and candles, and a delicious menu was enjoyed. At the close of the dinner, a business meeting was conducted, at which time the members planned to have another membership contest, which will start in two weeks.

CHRYSLER ANNOUNCES SUBSTANTIAL SAVINGS ON "52" AND "62" MODELS

Substantial savings in the prices of the new Chrysler "52" and Great New "62" effective January 10, are announced by Chrysler Officials.

The new prices make various body styles of these two cars from $50 to $100 lower than heretofore.

New "52" factory list prices, together with the savings, are:

Roadster .....$670—Saving $55
(with Rumble Seat)
Coupe .....$670—Saving $55
Two-Door Sedan ...$670—Saving $65
Touring .....$695—Saving $55
Four-Door Sedan ..$720—Saving $75
De Luxe Coupe ....$720—Saving $75
De Luxe Sedan .....$790—Saving $85

New "62" factory list prices and savings are:

Business Coupe ..$1065—Saving $ 60
Roadster .....$1075—Saving $100
(with Rumble Seat)
Two-Door Sedan..$1095—Saving $ 50
Coupe .....$1145—Saving $100
(with Rumble Seat)
Four-Door Sedan.$1175—Saving $ 70
Landau Sedan....$1235—Saving $ 60

The "52", it is pointed out, has unusually roomy and comfortable wood and steel bodies, larger than for any other car in the low price field, and combines with these features a remarkable performance capacity.

The Great New "62" includes features also not found in any other car at either its new or previous prices. Foremost among these are Rubber Shock Insulators—pioneered in the Chrysler Imperial "80"—Invar Strut pistons and the Seven-bearing crankshaft engine.

Economies in manufacture incident to Chrysler's strong growth, and the further advancement of the company's widely known principle of Standardized Quality, are given by the company officials as factors contributing to make possible these greater values to the public.

During the year 1927 the company advanced to third place among all manufacturers in the sales records of the National Automobile Chamber of Commerce. Its growth has been the most rapid of any single company in the history of the automotive industry.

Company officials point out that 1927 sales of both these cars were the highest yet attained. They point out that by passing on to the public the even greater value these new prices make possible, that a still greater number of motor car owners can now take advantage of the abilities offered in these two cars.

Man Fatally Shot In Chicago Hotel

Hotel Owner Kills Intruder In Room Of Pretty Manicurist

(International News Service)

CHICAGO, Jan. 20.—An attempted attack on Miss Sophie Badura, pretty manicurist living at a north side hotel, early today, resulted in the fatal shooting of a man known to other guests only as "Sammy." Harry Rubenstein owner and manager of the hotel, shot him four times, once through the heart, when "Sammy" attempted to draw a pistol after Rubenstein came to the room in answer to the girl's screams.

James C. Burns, former prohibition agent, in whose room "Sammy" had been visiting earlier in the evening, said he did not know the man's last name.

Stories of the shooting from Burns, Rubenstein and the girl seemed to tally, according to Police Lieut. George Demar, but all were held pending the inquest.

J. R. BLACK SPEAKER AT REVIVAL SERVICES OF SALVATION ARMY

Thursday evening at the revival services of the Salvation Army at the headquarters on East street, Mr. Black spoke on "The Value of Life" taking his text from the 37th Psalm and Mark 8:36, "What shall it profit a man if he gain the whole world and lose his own soul?"

Mr. Black said, "Because of the fact that we are born in sin is no reason for continuing in it as God has made the way of escape plain. We are not going to get to Heaven by chance but by striving to do God's will. His word is our guide and should be a Christian's delight."

This evening Rev. Harry Johnson will preach. A good crowd was in attendance Thursday evening with one soul at the altar for salvation.

Next Tuesday evening, Dr. S. J. Crowe will preach and on Wednesday evening Rev. S. R. Maitland.

MAKES SOUR STOMACHS SWEET

In Five Short Minutes—Can't Beat Bisurated Magnesia To End Indigestion—Gas!

When your stomach burns with gas and the sour acid indigestion of fermented food—just take a teaspoonful or two tablets of Bisurated Magnesia—and quick and certain relief is yours!

Folks whose stomachs—either chronically or just occasionally—won't perform properly, find in pure Bisurated Magnesia a safe, sensible, pleasant, economical and never failing means of avoiding all symptoms of indigestion or after-eating distress. They eat what they please and their digestive organs behave because Bisurated Magnesia prevents the formation of the gas and excess acid that causes indigestion. Used either to prevent or to correct indigestion, you can't beat Bisurated Magnesia which is obtainable from any well stocked druggist in either tablet or powder form. Do not confuse with Milk or Citrate Magnesia, and be certain the Magnesia you take is Bisurated. The first trial proves its great value—try it today sure!

MERCER WOMAN DIES SUDDENLY

(Special To The News)

MERCER, Pa., Jan. 20.—Mrs. M. G. Yeager, wife of Dr. M. G. Yeager, died suddenly at her home on South Pitt street, about 4 o'clock this morning, as the result of heart trouble.

Mrs. Yeager had not been particularly ill of late, so that her death comes as a shock to many friends in the borough.

It is believed that her death was partly due to the effects of injuries sustained in an auto accident in 1926, from which she never fully recovered. Mrs. Yeager was a member of the Central Presbyterian church of Mercer, and was active in church and civic work.

Besides her husband, she is survived by one sister, Mrs. Sara Mercer, of Baltimore, Md., and two brothers in the west.

Funeral service arrangements have not as yet been announced.

The chief entomologist of Australia intends to start a national campaign against noxious weeds and insect pests which are estimated to cost the commonwealth at least $100,000,000 a year.

New Trial Asked By Annie Price

Application for a new trial has been made by the plaintiff in the case of Annie Price against W. H. Glenn in which a verdict for defendant was rendered this week

Mrs. Price was sueing for damages for the death of her husband, Thomas Price who was killed on the gorge ride at Cascade park on July 18, 1927. It was claimed in the application for a new trial that the verdict was against the weight of the evidence. Judge Chambers before whom the case was tried ordered that the notes of testimony be written out in long hand. Arguments on the motion will then be made and a decision will be rendered by the court.

TWO ST. LOUIS GANGSTERS ARE SHOT TO DEATH

Gunmen In St. Louis Claim Lives Of Two More Victims, Three Arrests Made

(International News Service)

ST. LOUIS, Jan. 20.—Two more lives were claimed by the gang war here today when Dominic Cataldo, 30, gangster suspect, and a man as yet unidentified were fatally shot by a band of gunmen. Charles Freese, 34, a salesman, was also wounded in the fusillade of machine gun fire which greeted the three men as they stepped from the home of Charles Spicuzza, 37.

Spicuzza, manager of a large wholesale fruit company, told police Freese, the only one of the three men he knew, brought them to his home to discuss "business". He was held as a material witness when police questioning failed to elicit a coherent story from him and his wife, but was released later on bond. Two other arrests have been made by police.

Peasant Party In Roumania Seeking Carol's Return

Report Monster Movement Under Way For Demonstration In Behalf Of Prince Carol

(International News Service)

PARIS, Jan. 20.—A monster popular movement to secure Prince Carol's return to Roumania will be launched at Jassy on January 29.

This information was brought to the former Roumanian crown prince today by an influential emissary from Bucharest.

According to the courier, the movement will begin with a huge conclave of the peasant party and will be followed by similar meetings in other sections of Roumania.

A curious feature of the news is that Jassy is the home of Madame Lupescu, for whom Carol renounced his rights to the throne.

Bertha Glenn and Mary Moore, teachers in the Chewton school spent the week end with Mrs. M. E. Glenn of New Wilmington.

Mrs. Robert Elder and Mrs. Skinner of Fredonia visited friends here last Friday.

Mrs. T. A. George and Frances spent Saturday in New Castle.

Agnes Brennemen of Grove City College visited her cousin Helen, Saturday and Sunday.

The Woman's Missionary Society met Friday at 2 p. m. at the home of Mrs. Hortense George. A goodly number of women were present and the leader Mrs. John Dight carried out a very interesting program. A letter was read from a missionary in China, thanking the society for the money sent for the purchase of Bibles for free distribution among the Chinese people. As the president of the Ladies Aid Society, Mrs. Harry Buxton was not present no meeting of the Aid was held, but it was suggested that a special all day meeting of the Aid be held next week at which time new officers will be elected.

Ella Lightner of Slippery Rock who has been in the New Castle hospital at several different times this winter for treatment is now in the Bashline hospital at Grove City and is somewhat improved in health.

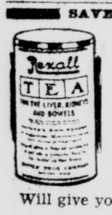

The road supervisors met Friday evening at O. J. Glenn's and transacted the usual routine business. Roadmasters were appointed as follows: No. 1 Robert Foster, No. 2 George Seth, No. 3 Scott Nelson, No. 4 John Christy, No. 5 Ira McKee. The supervisors also adopted a resolution which in effect states that all road work which is to be paid for by the township must be done by the instruction or permission of a township supervisor or the roadmaster of the district in which said work was done, and all bills must be approved by the roadmaster.

In the report of the McKnight school for the month of December which was in last week's issue, the name of Mary Campbell was omitted. Mary had a perfect attendance record for the month and we are glad to make the correction.

Some News, Some Views, But Mostly Just Observations Of Interesting Things Around New Castle.

Good things often come in bunches. It is so in the next seven days in New Castle insofar as banquets are concerned. Three of them and every one with its own particular merit.

Tomorrow night the Alec Fox banquet in The Castleton and one can't miss that. Monday night the Advertising Association banquet with Lorado Taft and Judge Allen Frost as speakers and then on Thursday night the American Legion banquet with the National and State Commanders as the speakers at the Scottish Rite Cathedral. There are 17 good reasons for attending each one of them.

The Alec Fox banquet Saturday night is a direct refutation of the old axiom that a prophet is not without honor save his own country. This is Alec's own country and everybody wants to do him honor. Again, the banquet Monday night is another good opportunity to demonstrate to visiting delegates that New Castle is back of every enterprise designed to promote the interests of this city. The banquet on Thursday night is one that everybody should try to attend, for it brings to New Castle for the first time the national commander of that upstanding organization, the American Legion.

That's three nights out of the next six gone and then add to those the Holy Name rally on Sunday evening. That's four nights out of the next six gone. If somebody will now come forward with some assignment for the other two the conductor can mark up 100 percent.

This may explain to you why so many newspaper men are bachelors. Newspapermen who are married are usually happily married for to marry a newspaper man a girl has to be more than just in love with him. She has to be completely and absolutely sold to the idea for she won't see the boy friend every night. If she gets him home for dinner three nights a week in the winter she's lucky That is all but editors.

Haven't heard a word as to whether or not Sport likes his new license tag and also haven't heard whether or not the youngsters in the Sheridan avenue district got him a collar. Now Sport should have a collar but in order to get him one he will have to come downtown so Eddie Connery can get his measure. Buying dog collars is just like getting a suit of clothes, one has to be measured for it. Perhaps I'll hear from the Sheridan avenue youngsters in the next few days as to the collar and if Sport hasn't got his yet something will have to be done.

The scene is in the hotel lobby, never mind which one. A traveling salesman sees another one and says "Hello there Jack." Jack looks him over and then replies, "I don't recognize your face, but your breath is familiar."

It's been a tough job to grind out this abbreviated colyum today. Just one of those days that is lean.

A wooden leg in the Natural History Museum in South Kensington, has a queer history. It was worn by a wounded soldier and suddenly it began to irritate him. At last he took it off—and out came a dozen or more wasps. The eggs from which they were hatched were laid in the wood before it was made into an artificial limb.

Fine Addresses At Conference

Rev. Neale And Dr. Wingerd Among Speakers At Convention

SESSIONS HELD AT NEW CASTLE Y. W.

One of the most successful mid-year efficiency conferences ever held by the Lawrence County Sabbath School association convened Thursday afternoon and evening at the Y. W. C. A., and four of the eight districts, Ellwood, Wampum, Mahoning and New Castle, had 100 per cent in attendance.

The addresses and reports at the afternoon session were unusually good and the evening fellowship dinner was a happy occasion with John W. Owens leading the singing and a splendid inspirational address by Rev. L. L. Aber, school administration superintendent of the State Sabbath School association.

Robert M. Strickler, Jr., president of the county association, had charge of the singing at the afternoon session was led by Rev. A. M. Stevenson, pastor of the First Presbyterian church of Ellwood City, and the devotionals were conducted by Rev. W. J. Engle, pastor of the Bessemer Presbyterian church.

The conference theme was "Make Straight the Way" and this theme was carried through all of the program. The first address was by Rev. J. R. Neale, pastor of the New Wilmington U. P. church, on the subject "Make Straight the Way—the Sabbath School and International Peace." This splendid address brought out the fact that it would be the universal mind of Christ working through the various races of the world and making them realize that all are of one common blood, that would bring about universal peace.

Dr. Charles Wingerd, pastor of the Central Presbyterian church, gave an able message on the subject "Make Straight the Way for the Young People in the Sabbath School." He gave concisely the various avenues of approach to the interests of the young people, chief of which were self-expression and the social interests. The young people of today are far ahead of any young people of former days and the problem is to guide their interests into constructive channels.

The theme of Rev. L. L. Aber's afternoon address was "Make Straight the Way for the Adult Bible Class." After outlining the state program briefly, Rev. Aber stated that it was proper for the adult Bible class, just as in the home, to make straight the way for the children and young people. He further stressed how this can be done by example and he characterized the adult Bible classes of our land as organized forces for good. Constructive three-minute reports were given by Mrs. R. B. Withers, children's superintendent of the New Castle district, and C. L. Baldwin, superintendent of the Second U. P. Sabbath school.

At the fellowship dinner in addition to the address of Rev. Aber, Rev. S. L. Maxwell was called upon and spoke of the danger of stressing the Sabbath school to the detriment of the church devotional service. Worship is needed to a greater degree than education, and that while both are splendid and worth while that worship was more important. H. L. Marvin was also called upon, who is chairman of the committee to handle the Christian fellowship dinner in connection with the county convention at the cathedral June 7. He called upon all those present to help make this the best ever. After singing "God Be With You Till We Meet Again" benediction was pronounced by Rev. Maxwell.

Boy Scout News

Troop 13.

Lions troop 13 met last night for its weekly meeting at the Scotland Lane school. The opening exercises were in charge of Senior Patrol Leader Henry Grittie. The roll call was answered by registration fees. The troop fees are not due until March, but the scouts want to be ready ahead of time, therefore they are collecting the fees now. Scouts already registered are Thomas Grittie, Bill Davis, Jim Hannon, Howard Kelso and Henry Grittie.

Although the contest was not held with the Wampum Boy Scout troop as scheduled, Scoutmaster Grittie carried out the contest of making totem poles and the use of the Indian sign language in the troop. Rocci Monico and Kenneth Clark were voted on as having made the best poles. Fritz Foster was taken in the troop as a transfer from troop 2.

A large number of scouts were present at this meeting in charge of Scoutmaster Peter Grittie. It is hoped by the officials of the troop that next week's meeting may be as successful.

TROOP 5.

Elks Troop No. 5 held a very interesting meeting Thursday night at the Elks Home with Scoutmaster Ralph F. Davis in charge. Twenty-two scouts attended as well as Assistant Scoutmasters Colaluca, Kerr, Lattavo and Fiorelli. Troop committeemen present were Walter DeArment, George Thomas, Sol Davis. J. Edward McMillen was also present as a visitor.

Two new scouts W. Lonelli and A. Lattavo were voted into the troop. Leonard Trushel was awarded his tenderfoot badge. Four patrol leaders were elected by the assistant scoutmasters. Louis Malks will head the Silver Fox patrol; Wm. Mamm, the Elks patrol; Harry Brown, the Flying Eagle patrol and Tony Mick the Beaver patrol.

Because of the efforts of Jacob Rentz, an honorary member of the troop, all of the boys were taken into the Y. M. C. A. with a basketball team entered in the boys league.

Service Station On East Brook Road Is Robbed

Store and gasoline service station of Mrs. Jack Jenness, located at 1308 East Brook street, was entered during the night. Entrance was effected by prying up a rear window, after an effort to jimmy open the rear door had failed.

Detective C. C. Horner and Officer Thomas Lynch answered the call, which was received this morning, and found that among the articles known to be missing were the following articles: Thirty pounds of sugar, twelve cans of cream, and a quantity of cigars and cigarettes, also a quantity of canvas gloves.

DIRT IN HEATER PIPE CAUSES FIRE

Home of Leonard DeVitto, 234 Shayside, was the scene of a fire scare this morning about 10:30 o'clock, the firemen being called there by an alarm from box 43.

The firemen on their arrival found that an accummulation of dirt and refuse in a hot air heater pipe, had caught fire from the heat of the pipe, filling the house with smoke. There was no actual fire loss.

POLICE ASKED TO LOCATE MAN'S SONS

A letter received from Roscoe Baxley, acting chief of police of Mitchell, Indiana, by the local police authorities, asks them to attempt to get in touch with Oval and Noble Moore, brothers, who are supposed to be working on a railroad between this city and Wampum. They are wanted at their home in Mitchell, on account of the fact that their father is dying.

Heads of Industries To Be Especial Guests At Membership Dinner

Going on record as strenuously opposing the invasion of the American market by foreign made materials, a meeting of the board of directors of the New Castle Chamber of Commerce was held in the Elks club at noon Thursday.

The value of these materials imported into America during 1926 reached the alarming figure of $1,152,000,000, and it is thought that this amount was greatly increased during 1927. The principle industries affected are the cement and other building and construction manufacturers.

Secretary A. W. Chilton has sent copies of the protest made by the New Castle Chamber to the federal legislators, and other associations throughout the state. The protests urge that steps be taken to pass legislation to prevent this dangerous practice in the future.

An excellent report was received from President David S. Pyle and other members of the board on the membership meeting held on January 11, and the Pymatuning Dam project was discussed in detail. It was decided to appoint a special Pymatuning Dam committee from the Chamber to work with the commission appointed by the governor to expedite the building of the Pymatuning reservoir.

Another report was received on the plans being made for entertaining the Pennsylvania Outdoor Advertising Association's convention, to take place at The Castleton, January 23 and 24. Mr. Chilton stated that all details had been arranged, and an excellent attendance is expected.

W. H. Gillespie, mayor of New Castle, was the invited guest of the board, and discussed with the directors several matters of community interest which it is hoped that all of the residents of the community will support for the benefit of the city.

The next membership meeting of the Chamber was discussed, and it was decided that invitations be sent to the high officials of the several larger industries of New Castle to be present as guests in order that ways and means whereby this community may render all possible assistance in making the industrial life of the city greater than it now is.

Those present at the meeting were President David S. Pyle, directors Hon. James A. Chambers, J. H. Lamb, James K. Love, W. F. Moody, Ira M. Ramsey, Fred L. Rentz, Hon. George T. Weingartner, and W. H. Gillespie as a special guest.

Congress is getting almost as particular about whom it admits as a night club.

Auto Returning From Funeral Hits Small Boy

Car Overturns After Mishap — Occupants Are Not Injured

Walter Payne of Shenango township was painfully injured when struck by an auto near the Rose stop on the Ellwood City road late Thursday afternoon while returning from school.

The car was driven by a driver from this city, who was returning from attending the burial of Mrs. Fannie Majors in North Sewickley cemetery, the funeral services having been held earlier in the afternoon at the home of her daughter, Mrs. Alice Mulholland, Pearson street.

The machine that struck the boy was quite a distance ahead of the other cars in the funeral procession. The injured boy was brought to the office of Dr. P. J. Brice, where it was found that his injuries were not serious.

The car turned completely over and was somewhat damaged, the glass in the doors and windshield being broken. The occupants of the car were not hurt. The name of the driver was not learned.

Advertise City In "The Annalist"

Chamber Of Commerce Conducts Two National Advertising Campaigns For City

Word has been received from C. S. McCalla, vice president and general manager of the Penn-Ohio system, advising the Chamber of Commerce of the efforts being put forth by the company in advertising the New Castle district. An excellent advertisement of this industrial district by the Penn-Ohio Edison Company appears in The Annalist, the financial supplement of the New York Times.

The Annalist has practically a worldwide distribution and it is read and studied very closely by financiers and large industrial executives in every corner of the globe. This full page advertisement, appearing in the issue of January 13, is the first of a series which have been contracted for publication.

The New Castle Chamber of Commerce greatly appreciates the effort of Mr. McCalla and the Penn-Ohio system in giving valuable publicity to this district, and therefore assisting the Chamber in advertising New Castle. The Chamber of Commerce is now conducting two national campaigns of publicity for New Castle, one in the Iron Trade Review and the other in the American Motorist. Assistance on the part of Mr. McCalla will greatly add to the effort being put forth by the local Chamber.

Five Pages Of Space Devoted To New Castle And The Castleton

Charles Endicott, special writer for the National Hotel Review, a trade magazine, which recently published an edition devoted entirely to the third ten of the American chain hotels to open, is in the city today, visiting John L. Slack, manager of The Castleton, and gathering material for another article on New Castle and The Castleton.

In the third ten edition of the National Hotel Review, five pages of space are devoted to New Castle and The Castleton. A full page illustration of The Castleton heads the article. Other pictures show the lobby of the new hotel, the main dining room, a corner of the lounge and a typical bed room, together with a picture of Mr. Slack and a box containing the officials of the Community Hotel company. Facing these pages are the advertisements of New Castle merchants.

Sage Tea Turns Gray Hair Dark

By SHIRLEY BLAKE

That beautiful, even shade of dark, glossy hair can only be had by brewing a mixture of Sage Tea and Sulphur. Your hair is your charm. It makes or mars the face. When it fades, turns gray or streaked, just an application or two of Sage and Sulphur enhances its appearance a hundredfold.

Don't bother to prepare the mixture. You can get this famous old recipe, improved by the addition of other ingredients, for only 75 cents, all ready for use. It is called Wyeth's Sage and Sulphur Compound. This can always be depended upon to bring back the natural color and lustre of your hair.

Everybody uses "Wyeth's Sage and Sulphur Compound now because it darkens so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through the hair, taking one small strand at a time; by morning the gray hair has disappeared, and after another application it becomes beautifully dark and appears glossy and lustrous.

HARRY HILL IS TERMED SLAYER OF WORST TYPE

State's Attorney Addressing Jury Says Streator Youth Sordid Murderer

(International News Service)

OTTAWA, Ill., Jan. 20.—Charging that Harry Hill of Streator, Ill., had deliberately murdered his mother Mrs. Eliza Hill, wealthy recluse in cold blood and for the "sordid motive of money," State's Attorney Russell O. Hanson of La Salle county began his opening address to the jury here today and demanded the elestric chair for the youth.

"This man is worse than a Hickman or a Hotelling" shouted Hanson as he shook his fist toward the chair where Hill picked at his finger nails in apparent unconcern. "He forged checks, he was recalcitrant and when rebuked by his kind mother, he turned around and murdered her—shot her to death. This the state will prove. Then to hide his crime he buried her body beneath the dusty basement floor."

Order Bills Paid For Sewer, Plumbing

Members of city council met in formal session today at the city building but business was slow and they adjourned after transacting one or two minor items, until Friday.

A bill for $71.35, was ordered paid to John R. Ellison, plumber. He set up a hot water tank and repaired plumbing in the firehouses and the comfort station.

Olsen Contracting company was ordered paid $633.55, final estimate for building a sewer in Boyles avenue, between Rural avenue and Neshannock boulevard.

Four Contagious Cases Reported

Four cases of contagious illness have been reported to the city health officer, Dr. William L. Steen, according to reports at the department of health. The patients are:

William Eroe, 332 Berger Place, chickenpox.

Mrs. Jasper and son Abraham, 40 West Falls street, mumps.

W. Lewis, 608 Court street, measles.

The Famous "Wagon Box Fight"—Part II

IN THE SUMMER OF 1867 THE GOVERNMENT AWARDED THE CONTRACT FOR CUTTING FIRE-WOOD FOR THE USE OF THE GARRISON OF FORT PHIL KEARNEY TO A CIVILIAN, AND A LARGE GANG OF WOODSMEN OCCUPIED THE LOGGING CAMP ON PINEY ISLAND, SEVEN MILES FROM THE POST

AS THE CONTRACTOR'S PARTY HAD TO BE PROTECTED FROM THE INDIANS, CAPT. JAMES POWELL WITH COMPANY "C" OF THE 27TH INFANTRY WAS ORDERED TO GUARD THE CAMP OF THE WOODCUTTERS IN THE PINE WOODS AND ESCORT THE WAGON TRAIN TO AND FROM THE FORT

POWELL, A BRAVE AND RESOURCEFUL OFFICER, PITCHED HIS CAMP NEAR THAT OF THE LOGGERS, AND SO SITUATED THAT IT ALSO COMMANDED A VIEW OF THE TEAMSTERS HERDING THEIR MULES ON THE PLAIN. WAGONS FURNISHED BY THE QUARTERMASTER CORPS

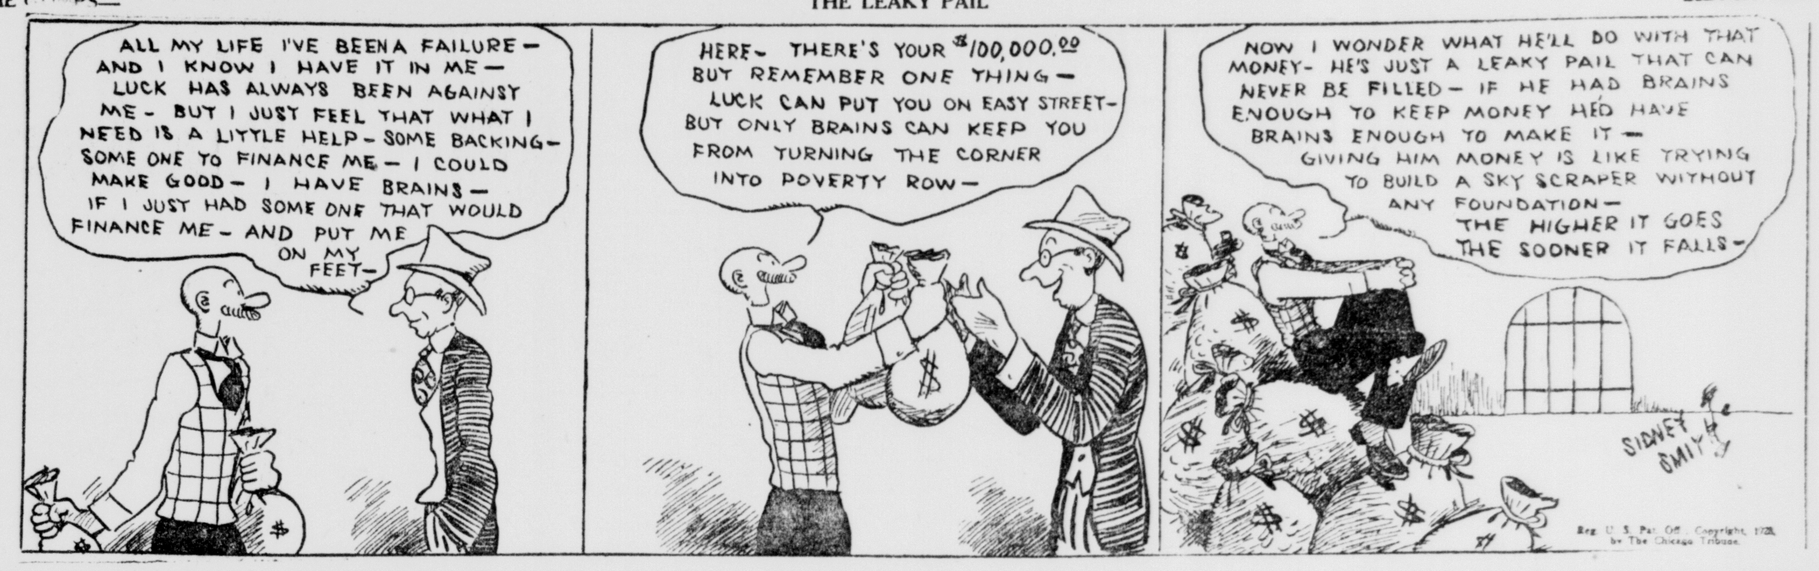

FORMED THE WOOD TRAIN, AND AS ONLY THE WHEELS AND RUNNING GEAR WERE USED FOR HAULING LOGS, POWELL MADE A CRUDE FORT OF THE DETACHED WAGON BODIES. PLACED IN A RING, THEY AFFORDED PROTECTION FOR MEN LYING DOWN.

COMMUNITY CHEST SURVEY

Report Of General Organizations Company As Made For Mrs. Grace Phillips Johnson As Result Of Action Taken At Community Chest Fund Workers' Campaign—Being Published In Sections

Another installment of the report of the General Organization Company of Chicago, of the survey made of the Community Chest and other organizations receiving public support here, as submitted to Mrs. Grace Phillips Johnson, at whose expense the survey was made, is presented today.

In the survey, the idea was to investigate all of the agencies and make recommendations which might be for the betterment of the management of any or all of them. The News is presenting the facts in the survey as reported by the General Organization Company and submitted to the Chest board directors and the agencies, insofar as they concern the organizations.

Today's report deals with the Young Men's Christian Association, and is as follows:

YOUNG MEN'S CHRISTIAN ASSOCIATION

The charter of this organization can not be located. The following provisions are made in the Constitution and By-Laws, which are dated in 1898.

Name: "Young Men's Christian Association of New Castle, Pa."

Object: "The object shall be the spiritual, intellectual, social, and physical welfare of young men."

Management: "Shall be vested in a board of nine active members, three of whom shall be elected each year."

We find that the constitution calls for a board of nine members whereas there are fifteen on the board at the present time. As this constitution is thirty years old it is possible that it has been amended but we could not find anything in the minute book regarding such a change.

A copy of the charter should be obtained and the constitution and by-laws revised in accordance with present practices and requirements.

The salaries paid during the past year amounted to over 50% of the total income. We believe that a study should be made to determine if this cost cannot be reduced.

The amount paid to National Headquarters was $1,200.00, which includes $350.00 for foreign work. The objective for foreign work was set for $1,800.00 but only $350.00 was paid. We have heard some criticism that the Y. M. C. A. is sending out money for foreign work when it is not doing all that it can for the foreign and colored people of New Castle. We believe that at least as much should be spent for local work of the kind referred to as is being sent away.

The Y. M. C. A. has some funds invested in a building and loan association but at the time of our investigation the officers did not know how much. The amount should be determined and, if possible, transferred to their other trust fund and the income used to pay operating expenses. A trust fund of $1,477.58 was received from the estate of A. W. Gibson during the year. We can not find where any interest has been received from this fund as yet.

The income from the cafeteria is $1,800.00 a year but $600.00 is paid back for the meals of employees. Other payments amounting to $514.75 were made to the cafeteria for conference and special affairs held by the Y. M. C. A.

Some thought should be given to the camp activities of all the agencies and determine if it is not possible for the different organizations to use the same camp. A stated period could be allowed each organization and the community would not be asked to support a large number of camps. The fees charged by the various camps should also be put on a more equal basis. The Y. M. C. A. camp has been practically self-supporting.

We would suggest that a joint meeting of the board of directors of the Y. M. C. A. and Boy Scouts be held and the activities of each be outlined so that there will not be any competing in activities or overlapping of work.

We have heard some criticism that the Y. M. C. A. dormitory was filled with permanent guests and those that needed the low rates could not get in. At the time of our investigation there were twenty out of the seventy rooms vacant. There were only seventeen guests who had been there more than six months.

A large part of the activities of the Y. M. C. A. are confined to the gymnasium classes. For the month of October, 1927, the total attendance in the gymnasium was 2,068. The camp was attended by 47 boys.

We find that the Y. M. C. A. received $10,282.47 from the Community Chest in 1926 and $10,498.76 in 1925. The donations from general solicitation for the three years prior to that were $13,578.18 for 1924, $12,942.00 for 1923, and $13,540.19 for 1922.

The board of directors have been meeting regularly throughout the year.

Legless, Only Has One Arm But Will Be Airplane Pilot

(International News Service)

DENVER, Jan. 20.—Altho legless and one-armed M. R. Daugherty, of Martinsville, W. Va., has purchased a specially designed aeroplane from the Alexander Aircraft Co., here which he will pilot himself.

Daugherty said the plane would be used for advertising purposes. The lower wing will be transformed into a bill board that will be plainly visible as he flies over cities and towns.

In place of the lever used in steering the plane, was installed a motorcycle handlebar, on the end of the handlebar, was placed a rubber grip which opens and closes the throttle of the motor, when turned. The rubber grip can be fastened, by means of extensions, to Daugherty's stub legs.

The adventurous flyer has had forty hours of solo flight.

In the hope of permanently extinguishing the Santiago volcano, engineers have dumped thousands of tons of earth into the crater and appear to have thus extinguished the burning sulphur bed. The volcano has ruined a quarter of Nicaragua's coffee crop for many years by its poisonous fumes.

Cleveland Airport Clears 1100 Planes Monthly; Is Record

(International News Service)

CLEVELAND, Jan. 20.—Major J. Berry, superintendent of the Cleveland airport, in an address before the Real Estate Board here, declared that Cleveland has the best airport in the United States.

"Cleveland now is within 24 hours of any other city in the United States. Other cities may make claims, but Cleveland has the only airport for ships to land 24 hours of each day," Berry claimed.

Berry pointed out that eleven hundred ships a month are clearing from the airport and the many lines out of here have made Cleveland the air hub. He added that within two months installation would be completed of a radio beason, radio telephone and radio correction, thus making this the second station in the country so equipped. He called upon the business men to support commercial aviation by sending a certain part of mail, express and freight by that means.

The Cleveland airport covers an area of approximately 1,000 acres. The land was acquired by the city in February 1925, actual construction work was begun on June 1, 1925 and on July 1 the airport was opened for night flying. It is located 25 minutes from the public square and is said to be the closest-in of all in the country.

Pittsburgh Man Is Robbed And Beaten

(International News Service)

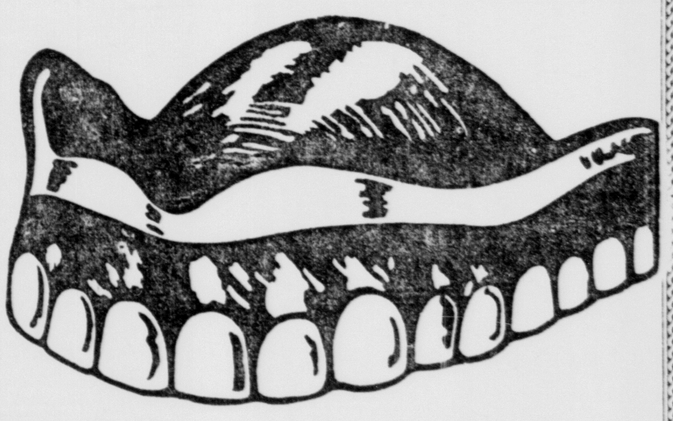

PITTSBURGH, Jan. 20.—William Sanders was taken to a hospital here today in a critical condition after he was beaten by three footpads and robbed of $276. He received a fractured skull and a broken nose.

Police arrested three men giving their names as Frank Allen, Arthur Haines and William Quailey, a half hour later on descriptions furnished by Frank Malerbo, 15, who said he witnessed the attack.

Ohio Checking Toll Of Storm

Tornado-Like Storm Caused Severe Damage In Cincinnati Vicinity

(International News Service)

CINCINNATI, Jan. 20.—Ohio was checking today on the devastation wrought by a tornado-like storm that swept through the southern part of the state late yesterday.

One person is known to have been killed. Property damage is estimated at close to a million dollars.

The freak storm cut across the Kentucky line and carried destruction into the interior of that state. A score of persons were reported injured in the Louisville district. No fatalities occurred, but property damage was high.

The greatest destruction from the gale in Ohio was suffered by Cumminsville, a suburb of Cincinnati. A number of homes and a school house were blown down at Lindenwald, O. Several school children received minor injuries.

A. R. Kruger, a Dayton, O., salesman, was killed at Washington Court House when the cornice of a building was loosened by the wind and fell into his automobile.

Star Of Wales Lodge To Elect Officers

Members And Wives Guests Of Martha Lodge On Friday Night

The Star of Wales Lodge will hold a special meeting on Saturday, January 21, at the school room of the Emmanuel Baptist church at 7:30 p. m. At this meeting the election and installation of officers will take place. Reports of the sick committee and other special committees will be heard.

On Friday evening, January 20, the members of the Star of Wales Lodge and their wives have been invited to attend a social and entertainment given by members of the Martha Lodge at the First Congregational church. A fine time is expected as the committee of arrangements from the Martha Lodge have been busy for several weeks in preparation for the event.

FIRE FATAL TO WOMAN, DAUGHTER IS BURNED

FRANKLIN, Pa., Jan. 20. — Mrs. David Dilley, 56, residing on Otter street, was so badly burned when a shawl caught fire from the stove near which she was working that she died in the Franklin hospital two and a half hours later.

Flames swept her house. An invalid daughter, Mrs. Hilda Rich, 38, tried to save her and was herself slightly burned. A shell-shocked son, James, 28, looked on frantically, but helpless.

All of Mrs. Dilley's clothes was burned from her body, as she ran screaming to the yard. The house was ruined by fire.

Spring Weather Fades In Chicago

(International News Service)

CHICAGO, Jan. 20. — Chicago's spring-like temperatures of the past week were routed today by a raw northwest wind which threatens to send the mercury down to within a few degrees of zero. At daylight this morning the temperature was ten above. The cold wave rode in on the tail end of a blizzard which struck the city late yesterday. The high winds uprooted trees and caused considerable damage to property.

MAYOR TAKES LEAD TO END STRIKE AT BUTLER GLASS PLANT

BUTLER, Pa., Jan. 20. — Mayor George Bob Wick has called a meeting in room No. 1 of the Butler court house, for 3 o'clock this afternoon, in an effort to bring about an end of the strike that has closed the plant of the Standard Plate Glass Company for the last two months.

Officials of the company and all employes will be admitted, but the meeting will be closed to the public.

Plans of the company to operate the plant this week with between 30 and 50 workers have been without effect in solving the problem and Mayor Wick agreed to take the leadership in an attempt to bring the opposing sides to an agreement.

More than 500 workers were employed when the plant was in operation and strikers say that about 100 men have gone elsewhere to work since the strike began.

The employes quit when the company made operative a 10 to 15 per cent cut in the wage scale.

Charlie White To Fight Clark

Elmo The Mighty Believes He Can Toss White For A Defeat

GEORGE HARRIS TO BOX ZIVIE OSBORN

By ED FRITZ

ELMO CLARK, sometimes referred to as Elmo the Mighty by his south side followers, will make another pugilistic debut here Monday night when he fights Charlie White of Meadville, the boy with the smokestack neck. They are heavyweights and the bout is scheduled for six rounds.

One week ago Elmo the Mighty sat in the audience and watched Smokestack Charlie battle Small Neck. Inasmuch as White had 25 pounds advantage on Small Neck he had considerable to say. "I'd like to fight that big football player," said Mighty Elmo, throwing his teeth into reverse on a wad of gum. "I bet I could toss him for a loss."

The big fisted son of swat from the south side had no sooner put his thoughts into words than he was asked to sign the dotted line. White agreed, signed and the bout is on.

If either of those two birds are knocked down they will fill up half of the ring. They are big, tough and ponderous punchers. No doubt the fight between the mastodons will bring thrills.

WHILE it has been announced elsewhere that Young Tennessee, who isn't the kind of a boy his name implies, will fight Jimmie Russell, the main bout will be staged between George Harris of Niles and Zivie Osborn of Cleveland.

Zivie romped into New Castle recently and gave Jack Drake a shellacking with the aid of two boxing gloves. But in meeting Harris he is going to meet a tough egg, a guy who can give it and take it and after all that is what the fans are paying real money to see.

The matchmaker at the old armory now is worrying the telephone operators with a long list of calls in an effort to land a fourth bout, as the schedule calls for 24 rounds, and their names will be announced Saturday.

Delahunty Is Some Scorer, Records Show

(International News Service)

NEW WILMINGTON, Pa., Jan. 20.—Kenneth Delahunty of Indiana, Pa., star forward on the Westminster College basketball team, in the first six games so far this season has scored 94 points, or an average of more than 15 points per game. Delahunty, a freshman, has 37 field goals and 20 fouls to his credit. His largest score made was against Thiel, when he registered 11 baskets and one foul.

HERE AND THERE IN SPORTS' LAND

By ED. FRITZ

Above, gentlemen of the fight lovin' populace, is the likeness of a scene which is reported to have occurred when Bill Jolly, the bankroll man at the old Armory, met Rocky Marshall, the middleweight with a perpetual coat of mourning. In the scene the Throttleman is accusing Mistah Marshall of being addicted to the use of that famous substance known in the fight racket as "run-out powder". Of course, the boy with the perpetual coat of mourning denied the charge.

According to Jolly, the middleweight who resides in Moravia street has been matched for several bouts and when the bell sounded Rocky has been reported missing, account of illness. Jolly says he does not believe that Rocky should get that way.

From what we know of Rocky we believe that he can fight if he wants to. Once upon a time he hit a baseball player on the nose when the baseball player was arguing with another guy. The punch not only put the player away, but it knocked Marshall out of baseball for a month. Marshall has often declared to us that he can fight. Declarations don't mean much nowadays, but inasmuch as Rocky has a big flock of friends, we believe that he should give them an opportunity to see him in action inside the ropes.

Do you see these two gentlemen? Ps-s-h! They met on the South Mill street bridge yesterday afternoon. One is Young Tennessee, but you would never suspect it, because he has his cap pulled over his ears. The other is Jonathan Doubt, a fight fan. "I have been fighting in Canton," Tennessee is telling Mr. Doubt. "I had a number of fights, and believe me, I went very good. Among the boys I fought were some nifty guys. One of 'em was elusive Frankie Van, who is almost as clever as that Leasure avenue stick-up man. You can't catch that bird, but I gave him a good run for it."

Mr. Doubt intends to go to the old Armory Monday night to see if Tennessee is telling the truth, as Tennessee has been matched to fight Jimmie Russell of Ashtabula. They are featherweights, and if they are as good as they claim to be, there'll be a warm tussle between the exponents of legalized assault and battery.

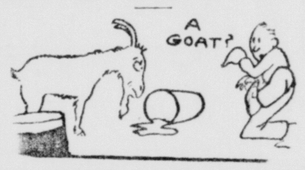

An ordinance has been passed in this city which is going to be tough on Shiek and Sheba. Under the provisions of the ordinance, automobiles cannot, legally, be parked in any public street between one a. m. and six a. m.

Just think of some young Shiek necking Sheba in the front room and an unpaid policeman informing the "cop" that there is a car parked in violation of the law. The "cop" must investigate, and during his round may lack diplomacy. He is apt to rap his night-stick on the front door, awakening the old man.

Think of it, folks; isn't it terrible? Why, the old man would discover his daughter is just an ordinary girl, after all, and like all other girls wants her friend around just as long as he can stay. In such a case the old man is going to give the boy his hat.

If the cop can't find the right house or the man who owns the car, he will have it towed to a garage. The owner must pay the rent, and if he refuses he can be arrested and fined. Originally good intentions supported the proposition. The real intent of the ordinance when suggested was to ban parking in the business district between one a. m. and six a. m.

Several nights ago Mike Kane, deputy commissioner of boxing, sat alongside the writer during the dinner given to Emmett Rocco at Ellwood City. Naturally we discussed the recent Solomon-Donohue bout, but in fairness to Mike permit us to say that he declared: "I did not give the decision."

In such an event the responsibility is divided. In fact, the writer doesn't care a rap about the decision, other than to see that as far as possible justice be done. In every sport, be it football, baseball or boxing, there must be a goat when an error is pulled.

By the way, fans, this fellow Mike Kane is something of an interesting chap. He has seen life from various angles and at present is a justice of the peace at Woodlawn and one of the best workers in the ranks of the American Legion.

Mike informs us he was born at Forest City, a hard coal settlement, and in 1906 he went into the army with its hard knocks. He later joined the state police and was a captain in the World War.

Later he was appointed chief of police at Woodlawn, and recently was elected justice of the peace. He tells us that on January 26 he is going to bring a delegation of 100 legionnaires to the American Legion banquet to be held in this city.

Three-Star Steve

By Feg Murray

Add the name of Steve Hamas to the long list of versatile athletes—a list that includes Jim Thorpe, Ernie Nevers, Sam White, Eric Pedley, Hobey Baker, Devereux Milburn, Forrester Clark, and many others. Hamas is a junior at Penn State College, and believe me, he is the most lionlike of any of the Nittany Lions. Fullback on the varsity eleven, forward on the basketball team, and heavyweight boxing champion of his alma mater. Also, he dabbles in baseball, lacrosse, and track, or what have you? That's Steve Hamas of Penn State, and for all I know, he may be a chess champion and a golfer of parts as well.

See what Steve did in football last season? Specializing as a line-cracking fullback, he fooled Chick Meehan's New York University Violets by passing and later running 46 yards around their right end. On October 15 he scored the first touchdown that the Lions had made against Penn since 1923. While not as spectacular as his capain, Roepke, he fitted well into Coach Bezdek's backfield of Lundgren, Roepke, and Wolff, and was a consistent ground-gainer in nearly every game.

Steve's brother Mike was a member of the first Passaic, N. J., high school "wonder team" when their long winning streak in basketball was started. Steve went to East Rutherford, N. J., before entering State College. There are three more brothers in the Hamas family, John, George, and Andy, and the five boys form a very fraternal court team which has held the amateur championship of their section of New Jersey.

Enon Valley Team Defeats Mahoning

(Special To The News)

ENON VALLEY, Jan. 20. — In a game which except for one or two flashes of speedy playing was slow and listless the local Community Five handed the Mahoningtown A. C. Five a trimming to the score of 29-18.

The Community outfit took an early lead and were never headed although the visitors tried twice to rally and take the lead, but failed to penetrate the local's five man defense. Reed, Huff, and Turk tried hard a number of times to work the ball through for a field goal succeeding only once in a while.

Lineup and score is as follows:

Community Five		Mah. A. C.
Lindner	F	Reed
Marshall	F	Huff
Avery (C)	C	Turk
Danniels	G	Lilly
Cook	G	Culbertson

Substitutions—Anderson for Avery, Avery for Anderson, Shields for Lilly, Shields for Culbertson.

Field goals—Huff, Lindner 4, Marshall, Avery, Anderson 2, Reed, Turk, Lilly, Cook, Danniels.

Fouls—Mahoningtown 5 out of 10; Community, 3 out of 13.

Class B Loop Clash Tonight At Bessemer

(Special To The News)

NEW WILMINGTON, Jan. 20. — One of the most important games in the County Class B loop is to be played tonight on the Bessemer high school floor when the undefeated New Wilmington high school basketball team meets the Bessemer five who also have had a clean slate so far this year.

Both New Wilmington and Bessemer have defeated the Union and Mt. Jackson high school.

Preliminary to the boys' tilt, the New Wilmington girls' team will play the Bessemer sextet.

Celtics Defeat Highland Stars

The Celtics made it three straight victories last night at the Arthur McGill school by downing the North Highland Stars, 37 to 26, in a well played floor game.

At the end of the first half the Celtics led by a score of 17 to 10, and at the end of the third quarter the score stood, Celtics 19, Highland Stars 17.

The summary:

Celtics 37		High. Stars 26
Woods	F	Shaffer
Lanigan	F	Haid
Zinz	C	White
H. Tucker	G	Thomas
Kelley	G	Cooper

Subs.: Doher, Smith. Field goals: Woods 4, Lanigan 4, Zinz 4, Tucker 3, Kelley 2, Shaffer 4, Haid, White 5, Thomas. Fouls: Celtics, 3 out of 5; Highland Stars, 4 out of 8. Referee: Cooper.

High Quintet At Zelienople

New Castle High Team In Zelienople Tonight For League Encounter

BUTLER TO PLAY HERE NEXT WEEK

Ten husky basketball players representing New Castle High school members of Section III, will journey to Zelienople tonight to battle Zelienople High in the fifth league game of the season.

Coach Bridenbaugh sent the locals through a light workout on Thursday afternoon in preparation for the game tonight and declared that the boys were ready for their contest with the Butler countains.

On paper the locals look to be the strongest of the two teams but the paper-weight business is the bunk and more when it comes to judging relative basketball teams. The New Castle High boys are not going to Zelienople tonight filled with confidence. They realize that anything can happen in the floor game, and for that very reason they are going to extend themselves to the utmost for that important win. If Ellwood City should defeat Butler tonight, and New Castle win from Zelienople, the locals will have undisputed possession of first place.

It is likely that the following boys will make the trip to Zelienople starting at 6 o'clock: Captain Reider, Cuba, Johnson, Alexander, Richards, Ostrosky, Sillman, Thomas, McClellan and Kulich.

Butler High, the only team in Section Three at this writing that challenges the right of the New Castle team to be called the two-time champions will be seen at the Senior High gym on next Tuesday night, and dear brothers we are looking forward to a basketball game that will leave you numbed.

—Not one cent more for this new gasoline

TODAY—tomorrow—sometime this week, you're going to need gasoline.

Stop for it at a Pennzoil pump. Try this new gasoline. Test it for power—knockless performance—pick-up. Watch it especially on your early morning start.

It's made by an advanced "cracking" process—pressure-vaporized in Pennzoil's big, new gasoline plant. It has been given a combination of qualities that quickly develops the best that's in a new car, and just as speedily gives an old one the sparkle and zest of youth. Yet it costs no more.

PENNZOIL MOTOR

Pennzoil motor gasoline is of such purity and high quality that it is crystal white.

PENNZOIL ETHYL

Pennzoil Ethyl is the same pure, high quality fuel treated with Ethyl fluid, and colored red for easy identification.

Tunney And Tex Rickard Agree On Plans For Bouts

Rickard Will Allow Tunney To Fight For Mullens In Chicago, It Is Understood

TUNNEY-DEMPSEY BATTLE LOOMS

By DAVIS J. WALSH
Sports Editor Internat'l News Service

NEW YORK, Jan. 20—Details of an agreement reached by Gene Tunney and Tex Rickard, whereby the champion is to be allowed to "beat" the uncompromising terms of the Rickard contract so that he can fight for his boy friend, Jim Mullen, in Chicago, came to the writer today from a source within the official family of the Madison Square Garden corporation.

The compromise, it was declared, called for two provisions. First, that Tunney would defend his title under Rickard's banner not later than July, which immediately would take the curse off the Rickard option. Second, that Tunney, now foot loose in the matter of legal obligations, would then be free to discharge a purely personal one by fighting somebody, probably Jack Delaney, for Mullen in September.

Will Fight Twice

With this statement came the alleged reason for Tunney's sudden desire expressed a few months ago, to fight twice in defense of his heavyweight championship next summer. Already under contract to Rickard because of signing that famous pact in St. Louis last winter, it was stated that Tunney know that he must fight twice. Otherwise, his friend, Mullen would be able to do himself almost no good and Tunney's oral promise after the last fight in Chicago would become worthless.

So, it was said, Tunney began outpointing Rickard, with the inevitable result that they are getting together and, in fact, already have done so. The getting together is supposed to have represented concessions purely on Rickard's part because Tunney was in a position to make none. The promoter, for one thing, wanted to keep his meal ticket happy and, for another, he thinks one heavyweight, championship fight a season is ample. He is quite willing, therefore, to let Mullen worry about the second one.

Dempsey Is Choice

Right or wrong, the whole story holds up beautifully. Why, otherwise, should Rickard suddenly begin talking about a June date for Tunney when, previously, he had talked only in terms of September? There could be two fights if he held Tunney religiously to the terms of their contract by making his fight in September. Then, too, Tunney suddenly has abandoned his attacks upon Rickard and from Miami has given three rousing cheers for the promoter's June program. Why not? It is supposed to have been his, Tunney's, in the first place.

Dempsey quite naturally is the choice opponent for the June date. But why do you think Jack Sharkey was sent before the state athletic commission to file a challenge to Tunney? Not because he was enabled to do so after what happened in the Heeney fight. He was told to do so in order to establish prior claims on a Tunney fight here in the event that there proved to be everything in the tales that Dempsey was going blind or that he had decided that enough was much too much. It is no star chamber secret that Rickard looks to Sharkey as the logical substitute challenger in the event that Dempsey is not available.

Senior Girls Take Second Place In College League

(Special To The News)

NEW WILMINGTON, Pa., Jan. 20.—Places in the Women's class basketball league at Westminster were decided this week when the seniors managed to split even with the freshman sextet in a two-game series for second place position. The seniors now lead with four wins and three defeats and cannot be overtaken by the freshmen team that has won two games and lost five. The juniors were eliminated from further consideration when they were defeated by the sophomores, who have won seven straight and now possess an undisputed hold on first place.

The senior and freshman contest was close throughout and was won by the excellent playing of Miss Lindsay, who counted 13 of her team's points.

The line-ups:

Seniors 15		Freshmen 12
French	F	Kopanski
Lindsay	F	Byers
Sankey	C	Scott
Irons	S. C	Norris

SORDS POINTS

By JACK SORDS

Clarence De Mar, Boston marathon runner, and America's best in the long distance events, is about to enter into serious training for the Oylmpic games at Holland this summer. He is a real veteran of the game and, if he hasn't lost any of his stamina, is well able to give the best of the foreign runners a battle for points.

According to De Mar himself, he is just as good as ever. He arrives at this conclusion after his nightly sprints home from work, a distance of about nine miles. Being employed as a printer on a Boston newspaper and finishing his work about 3 a. m., when all the streets are cleared of traffic, De Mar is able to get away with these nightly trips without danger of life or limb.

Franklin Varsity Defeats Faculty In Weird Contest

Ben Franklin High Faculty No Match For Youngsters In Benefit Game

In a game filled with thrills, laughs and more laughs the Junior High boys finally downed the faculty team by a score of 28-20.

At one period of the game the faculty team on the floor totaled in weight close to one-half ton and the gym shook with their mighty, or perhaps I should say weighty efforts to overcome the Junior High lead.

Mike Mills succumbed at the beginning of the third period and laid on the floor for a much needed rest while Bob Dobbs on the loafing forward position nonchalantly continued tossing the ball at the hoop with either hand.

McCracken for the faculty played a Scotch game of basketball. Even the referee "Scotts" Nelson had difficulty getting the ball from him.

Coach Norton left the game at the end of the half satisfied that his junior Hi team was one too many for him.

Art Dean the strong defense of the faculty team played his usual game which is a combination of football, soccer, baseball, with a little basketball thrown in.

The students cheered impartially but the writer has a feeling that they were glad to see the boys win. The faculty has never been able to win a game so they claim their record is still unbroken.

The summary:

Junior H. S. 28		Faculty 20
Ruha	F	Dobbs
Lascola	F	Hockenberry
Deep	C	Norton
McKissick	G	Dean
Fabian	G	Mills

Field goals—Ruha 2, Lascola 3, Deep 4, Fabian 2, Dobbs 1, Price 4, McCracken 2, Hockenberry 1.

Fouls—Faculty 3 out of 5; Junior Hi 7 out of 10.

Subs— Jr. H., Ostrosky, Kuhlick, Williams, Rowe. Faculty, Price, McCracken, Raciopo, Howell, Lewis, Rounds, Runderland.

Referee — "Scoots" Nelson, Allegheny.

Three Games In Church League

Three fast games are on tap for the followers of the New Castle Church League for tonight at the Y. M. C. A. The first game of the program will start at 7:30 o'clock.

The Central Presbyterians will meet the First Baptist team in the first encounter, the First M. E. boys will battle the Croton M. E. team in the second game and the Mahoning M. E. team will play the Temple Israel boys in the final contest.

Last Nights Fights

AT PHILADELPHIA—Babe Ruth defeated Frank Sacco, eight rounds; Mickey Martell kayoed Abe Cohen, first round.

AT WILMINGTON, Del.—Red Grange, Vineland, N. J., outpointed Joe Smallwood, Washington, eight rounds; Vic Malin, Wilmington, shaded K. O. Harris, Norristown, six rounds.

Football has been played in England for more than 500 years.

SPORTS DONE BROWN

By NORMAN E. BROWN.
Exclusive Central Press Dispatch to New Castle News.

NEW YORK, Jan. 20.—Lean days are upon the New York Giants. A general discussion here with baseball men brings this conclusion.

Nothing short of a miracle will wrest from the hands of the New York Yankees the monopoly they now hold on baseball interest here in the big town.

The prestige the Giants have held through the years of McGraw's reign has been knocked into a cocked hat—through the failure of McGraw or Stoneham or both to handle the Hornsby situation adroitly, not to say firmly.

The fact that the Giants are now left without a counter attraction for Ruth is an incidental matter compared to the devastation caused in the ranks of the Giants over the partial wrecking of the team and the internal strife revealed by the Hornsby deal.

In other words John McGraw at a time when his baseball acumen and dynamic personality should be coping with the Yankee menace, finds himself under a cloud because of the inability of anyone aboard the Giant bark to explain in lucid, logical fashion a deal that sent the greatest batter and outstanding star of the National league to a tail-end team "for the good of the team."

"The good of the team" will not fill a gap in the infield or improve the batting strength of the team.

The inside story of the trade has not been told.

This statement is not meant to cast any reflections on the character or integrity of any of the men involved. But it can be said definitely that the reason for the shift was not a question of authority. You can bank on that.

* * *

Benny Leonard, lightweight champion and Thespian, has stolen Gene Tunney's stuff.

Not that he intends to fight Jack Dempsey two or three times but he has gone in for literature and the arts.

The other day Benny took issue—in his daily article for a New York paper—with no less a personage than Dr. Bertrand Russell, English philosopher and educator. The doctor has stated it seems that the enthusiasm of American boxing fans over the sport was prompted by their love for cruelty—a sort of sadism.

Benny went on to state that the doctor could not have seen any boxing bouts, holding such a view. He (Benny) went on to point out that the average boxing bout is a contest of science, etc.

Great stuff. Column done for the day. No blood shed.

But not nearly as clever a bit of work as Gene Tunney's debate with George Bernard Shaw.

"Delaney Starts Title Chase," is a headline that greets me here.

Meaning Jack Delaney the Canadian sharpshooter who once held the light heavyweight title.

The headline announcing Delaney's new effort to win heavyweight attention is new evidence of the popularity he enjoys in New York and the press agenting he has received. But he is no nearer the top of the heavyweight group than he ever was.

New York State Official Hurt In Crash Of Machines

(International News Service)

NEW YORK, Jan. 20.—Physicians at Bellevue hospital feared today that Commissioner Charles A. Hartnett, head of the New York state motor vehicle bureau, may lose the sight of his left eye as the result of an injury suffered in an automobile accident here early this morning.

An automobile crashed into a taxicab in which Commissioner Hartnett was riding with two friends. A splinter of flying glass penetrated his eye. The driver of the automobile was arrested.

Floor Notes

The Casa Savoia Big Five will meet the New Wilmington Scholastics tonight at the House of Savoia gym floor. The China Girls will play the M. & H. Girls in the preliminary game at 7:30 o'clock. Frankie Ross has been secured to referee the game tonight. The Savoia boys have had a successful season to date winning 14 and losing 3. The Savoia team has totaled 548 points to 299 for their opponents.

The Rambler Juniors would like to play any team in the city between the ages of 15 and 17 years. The Ramblers desire to book the Falcon Midgets for two games, one at the Lincoln-Garfield floor and the other at the Falcon Hall. They would like to play the first game with the Falcon Midgets on Wednesday, January 25, on the Lincoln-Garfield floor. For games with the Rambler Juniors call Charles Landolf between 4:30 and 6:30 o'clock at 5368-R.

The Celtics would like to book games on foreign floors with any of the teams in the city in the 16 to 18 year old class. For games call 2829-J and ask for "Chuck."

The roster of the Rambler Juniors contains the names of some of the best junior players on the South Side, said Manager Charles Landolf today. The Rambler players are as follows: Neyman, Taylor, Quarello, Kerber, Nocera, Toney, Dennis and Landolf.

Panthers To Play West Virginia Five

PITTSBURGH, Jan. 20.—Two undefeated college teams will try to break each other's winning streaks here tonight when West Virginia meets Pitt in basketball.

The Panthers, with nine victories are expected to triumph over the Mountaineers, who have played and won four games.

When Ed Cartwright of the St. Louis team drove home seven runs in one inning of a game on September 23, 1890 he set a record that never has been equaled in the major leagues.

ORDINANCE NO. 76

An Ordinance providing for the purchase by the Borough of Wampum from John A. Ketterer and Edith Ketterer, his wife, for the sum of Nine Thousand ($9,000.00) Dollars, certain land situate in the Borough of Wampum, all, or so much thereof as may be necessary to be used for a public highway.

SECTION 1. Be it ordained and enacted by the Burgess and the Town Council of the Borough of Wampum, Lawrence County, Pennsylvania, and it is hereby ordained and enacted by the authority of the same that the said Borough of Wampum purchase from John A. Ketterer and Edith Ketterer, his wife, for the sum of Nine Thousand ($9000.00) Dollars, all that certain piece or parcel of land situated in Wampum Borough, Lawrence County, Pennsylvania, bounded and described as follows—On the north by land of Mrs. S. Grimen; on the east by land of the Pittsburgh & Lake Erie Railroad Company; on the south by lands of the Pittsburgh & Lake Erie Railroad Company, and on the west by Main Street, and having a frontage of eighty-five feet on Main Street, and extending back east two hundred twenty feet more or less to lands of the Pittsburgh & Lake Erie Railroad Company.

SECTION 2. The purchase of said land is to be consummated within fifty days from the date on which this Ordinance takes effect.

SECTION 3. The said Nine Thousand ($9000.00) Dollars, being the purchase money for said land, is to be paid out of the general funds of the Borough of Wampum.

SECTION 4. When said land is purchased, all, or so much thereof as may be necessary to be used for the laying out and construction of that certain highway provided for by the Order of the Public Service Commission of the Commonwealth of Pennsylvania, at Complaint Docket No. 5693, is hereby appropriated and set apart for the purposes of said highway.

Ordained and enacted in Council this 16th day of January, A. D., 1928.

DAVID M. McDONALD,
President of Council.

ATTEST:
E. T. ALGIER,

N. Y. STOCKS

(International News Service)

NEW YORK, Jan. 20.—Industrial stocks firmed up in the first period today as the result of the improvement in the money market situation as evidenced by the $32,000,000 shrinkage in brokers loans and the sharp increase in the reserve ratio of the New York Bank.

Strength and activity in the steel stocks followed announcement that the steel manufacturers in the Youngstown district had marked up prices a dollar a ton for shapes, bars and plates to $135 a hundred pounds. Republic and Youngstown were in demand at about a point higher, and U. S. Steel sold in good volume around 147.

Montana Power jumped 6 points to 117 the lead of the utility stocks and Federal Light and Traction continued to command firm a market.

Several Hundred To Attend Convention Starting On Monday

Between four and five hundred representatives of the various advertising organizations in Pennsylvania and Ohio are expected at The Castleton Sunday so that everything may be in readiness for the annual convention of the Pennsylvania State Advertisers Association convention, which will take place Monday and Tuesday, January 23 and 24.

Already all rooms at The Castleton have been engaged and the management is considering placing cots in all the rooms so that more advertisers may be accommodated.

The convention, which will be officially welcomed to New Castle at nine o'clock Monday morning, is by far the most pretentious affair ever to be attempted by the State Advertisers. On the speaking program for Monday evening there will be Lorado Taft, world known as a sculptor and a critic of life and art, together with Judge E. Allen Frost, prominent Chicago jurist and corporation lawyer.

To illustrate the new methods in sign board erection, Dan O'Connell, New York engineer, has been superintending construction of a board on the corner of Mill and Falls streets announces that the job is completed, and that the boards are by far the most modern that he has ever erected. Built entirely of steel, they illustrate the fact that a sign board can be useful and still be a thing of beauty.

Plans Complete For Fox Banquet

New Castle To Pay Tribute To Pitt Captain On Saturday Night

Arrangements for the Alex Fox testimonial banquet were completed Friday evening when a meeting of the general cimmittee was held in the Sporting Goods store. A check on the ticket sales showed 100 of the 200 sold and by tonight it is probable that all of the tickets will be gone.

The program will not be a long one. Ralph Gardner will introduce the toastmaster of the evening, S. De Graff Pearson, and the speakers will be Phil Bridenbaugh, Alex Stevenson of Pittsburgh, Chilly Doyle of Pittsburgh, and Attorney Thomas W. Dickey of New Castle. It is expected that the new captain of the Pitt squad, Alec Fox, former star tackle of the New Castle High school team will speak briefly.

The Immigration Four is expected to be present and sing, and the Capitol Theatre has arranged to have Billy King and company, one of the acts playing there this week, present.

Place Light In Leasure Avenue

Will Light Section Where Holdups Have Occurred Recently

Council today authorized the erection of an electric light in Leasure avenue, between Albert street and Highland avenue.

It is said that several holdup attempts have occurred recently in this section and it is believed the light will go far toward preventing holdups.

When a petition requesting the light was presented today Councilman Davies said he already had visited the section and recommended the light be placed.

Council concurred in the recommendation.

This will be a big year for garages say automobile men. This should help to stabilize everything.

POISON MEDICINE KILLS FOUR

"Cough medicine," administered by a father who had suffered financial reverses, is believed by police to have caused the death of James Potter, his wife and two sons, James, Jr., and Robert, 14, at Cleveland, O. A chemist's analysis showed a powerful poison powder had been added to the liquid. Potter had come to Cleveland and had opened a rooming house after losing large sums of money in a real estate deal at Steubenville, O. Above, a photo of Mrs. Potter and her two sons taken when they were small, and, inset, a recent photo of James, Jr.

LONDON, Jan. 20.—America may be prepared to welcome a high member of the British aristocracy early this year.

He is the Marquess of Carisbrooke, eldest son of the Princess Beatrice, aunt of King George. Lord Carisbrooke, is is understood, is making the trip for business reasons.

The Princess also is planning a trip to the Mediterranean.

It is anticipated that Lady Carrisbrooke will accompany her husband to the United States.

Alleged Murderer Of James Cucia Gets Re-hearing

At a meeting of the state pardon board yesterday a rehearing was granted in the case of Pete Christean, serving time in the Western penitentiary for the murder of James Cucia, a former New Castle policeman. Christean was convicted of murder in the first degree, but his sentence was commuted to imprisonment. Several attempts have been made to secure a rehearing of the case, but they have heretofore failed. When the case was tried here Christean denied the shooting and attempted to prove an alibi. Date of the rehearing will be announced later.

QUEEN ESTHER GIRLS PRESENT OPERETTA

America Queen Esther Girls of the First M. E. church, presented an attractive and clever operetta entitled "Miss Carruthers Return" before a large audience Thursday evening in the Sunday school room.

About twenty-five girls took part. The solo and chorus part was especially pleasing. The costuming of the characters added much to the beauty of the affair.

The girls were assisted by Miss Evelyn Burlson who gave a reading and Edgar Beal and Kenneth Myers who gave a trombone duet. A cornet solo by Philip Winters was also a pleasing feature of the evening.

The operetta was given under the direction of Mrs. J. C. Miner, Mrs. Gertrude Mitchell and Miss Ethel Weisz.

Boys Organizations Banquet At Y.M.C.A.

Boys' Work Secretary Addresses 74 Boys At Annual Dinner Meeting

Seventy-four boys, members of the various junior Hi-Y Bible clubs sponsored by the Y. M. C. A., were present at the annual banquet, which took place Thursday evening in the Y. M. C. A. dining hall. John C. Leonard, boys' secretary, under whose leadership the clubs have grown from small organizations to their present size, was in charge of the meeting.

J. H. Brewer, Pennsylvania state boys' work secretary, who was the guest of honor, addressed the boys on "Seeing It Through versus Seeing Through It."

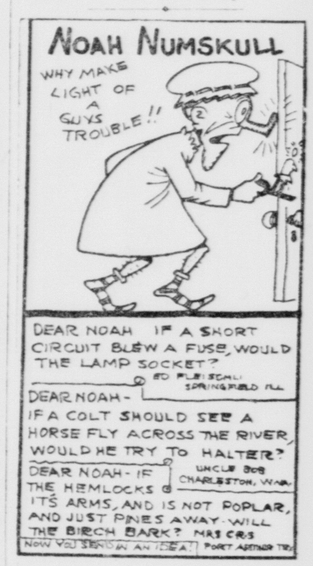

The meeting, states Mr. Leonard, is one of the high spots in the program of the Bible clubs and the junior Hi-Y clubs, and by the response from the members, it was highly successful.

High Wind Affects Church Fire Ruins

Heavy wind of last night loosened some of the remnant of the roof of the First United Presbyterian church ruined by fire recently. Report of the condition was made to the fire chief, as it appeared that the condition was a safety hazard.

The ruins of the church should be razed, it is believed by those who have looked-over the ruins lately.

Near Blizzard In Pittsburgh

Terrific Gale Sweeps Over City; Several Persons Hurt

MANY WINDOWS ARE SHATTERED

(International News Service)

PITTSBURGH, Jan. 20.—This city and vicinity suffered in the face of a near blizzard today, coming on the heels of a long period of spring-like weather.

The storm struck here late yesterday and raged with undiminished fury through the night, causing thousands of dollars damage and injury to at least four persons, one of whom may die.

At times the gale accompanying the rain which later turned to snow reached an intensity of 60 miles an hour by the records of the government weather bureau.

It is believed to be a part of the storm that wrecked havoc in Ohio and Kentucky yesterday. Most of the damage here resulted from sign boards being blown about and plate glass windows being shattered.

While sitting in a parked automobile Clifford Kinsel, 29, was crushed beneath the roof of a garage, torn loose by the gale and carried several hundred feet. He is in a hospital in a critical condition.

A motorcycle patrolman averted an accident on the main line of the Pennsylvania Railroad by flagging two passenger trains when a huge signboard was blown on the tracks.

Every part of town lost its quota of plate glass windows, and many persons narrowly escaped injury in the path of flying glass.

The wind was not so severe this forenoon as during the night. Snow continued to fall and the weather forecaster said the mercury would hover near the 32 degree mark. Tonight will be colder.

Marriage For Reform Not General Success

Writer Knows Of A Few Wives Who Stimulated Husbands

There used to be a familiar saying years ago when a young woman entered into a marriage contract with a rather wild and unregenerate partner that she had married him to reform him. There was also among some the feeling that such a reform was possible though I do not now recall that any specific illustrations were brought forth to prove the case, writes Thomas Arkie Clark in the Chicago News. In general those who were led into matrimony with the purpose of bringing about the reformation kept in the same crooked path that they had previously been following.

I have known a few aggressive and energetic wives who managed by cajolery or by example to stimulate a lethargic husband to business or intellectual activity, but the number is small. The wise way when one marries is to accept the goods with no anticipation that it will appreciate in value.

There is an old Norse legend of a farmer named Gudbrand and his wife who lived very happily together, the wife never trying to reform her husband. They owned their farm, they had $100 in the bank and they had two cows, one of which they decided to sell. Gudbrand undertook to sell the cow, but no one in town would buy her.

On the way home he met a man with a horse for which he traded the cow. As he progressed he made a succession of trades and came one after the other into possession of a pig, a goat, a sheep, a goose and a cock. The last he disposed of for a shilling and then spend the shilling for a bite to eat.

Later he met a man who upon hearing the details of his bargaining, wagered him $100 that when the wife heard the story Gudbrand would be roundly scolded. However, she like a sensible woman, approved everything he had done, saying: "Whatever you do, you do it after my own heart. Heaven be thanked that I have got you safe back again." And he won his $100 which was as good as selling the cow.

British Women Open High Price Campaign On Food And Coal

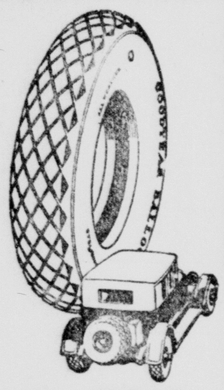

(International News Service)

LONDON, Jan. 20.—A British housewives' big "drive" on prices is scheduled to begin early in 1928. It has been forced by the recent failure of the Government to control food and coal prices.

The campaign is to be nationwide, and will be organized by the British Housewives' Association, which has among its latest recruits Mrs. H. W. Drapper and Mrs. Ada Wilson, both members of the Food Council.

The movement sprang out of a speech of Colonel Lane-Fox, Secretary to the Mines Department in the House of Commons on December 19. Referring to a completely unjustified increase of 50 cents in the price per ton of coal he said: The Government have no power to control retail prices. The public can deal effectively with the matter by refusing to pay more than the prices previously in force."

Quakers Press Plan To Preserve Peace Where Penn Sleeps

(International News Service)

LONDON, Jan. 20.—A scheme to preserve for all time the simple country character of the district around the Quaker village of Jordans, where William Penn, the founder of Pennsylvania, is burried, is being pressed forward by Quakers in England and the United States.

Their aim is to raise $50,000 for the acquisition of a woodland and open fields in order to save them from being ruined by the speculative builder.

Great interest is being taken in the project in the United States according to J. E. Hodgkin, chairman of the committee in charge of the scheme.

"I have already paid two visits to the United States," he said, "and over twenty representative organizations have taken the matter up.

"Nearly ten years ago a group of Quakers found the money to purchase eighty acres, including the fields and beachwoods just across the road from the burial ground at Jordans, which the owner had decided to sell.

"The more distant parts have been developed on the lines of a model village. A further 85 acres came into the market in 1925, and in order to protect the Jordons center it was necessary to purchase these.

The position is somewhat complicated by a proposal to construct a secondary road which would pass through Jordans and spoil the peace and seclusion of the Friends meeting House there, which annually is a place of pilgrimage by Quakers from all over the world.
